## **2021-22 Annual Notice Guide to Families**

### **A. Annual Notices**

#### **Animal Dissections**

Students at Big Picture Educational Academy (“BPEA” or “School” or “Charter School”) may perform animal dissections as part of the science curriculum. Any pupil who provides his or her teacher with a written statement, signed by his or her parent/guardian, specifying the pupil’s moral objection to dissecting or otherwise harming or destroying animals, or any parts thereof, may be excused from such activities if the teacher believes that an adequate alternative education project is possible. The alternative education project shall require a comparable time and effort investment by the pupil. It shall not, as a means of penalizing the pupil, be more arduous than the original education project. The pupil shall not be discriminated against based upon his or her moral objection to dissecting or otherwise harming or destroying animals, or any parts thereof.

#### **Availability of Health Insurance**

Children—regardless of immigration status (foster youth, pregnant women, and legally present individuals, including those with deferred action for childhood arrivals [“DACA”] status) may be eligible for no- or low-cost Medi-Cal insurance. Medi-Cal covers immunizations, checkups, specialists, vision and dental services, and more for children and youth at no- or low-cost. Medi-Cal enrollment is available year-round.

Covered California is where legal residents of California can compare quality health plans and choose the one that works best for them. Based on income and family size, many Californians may qualify for financial assistance. Enroll during Open Enrollment or any time you experience a life-changing event, like losing your job or having a baby. You have sixty (60) days from the event to complete enrollment. Information regarding the availability of insurance is provided with enrollment forms and available at:

[http://hbex.coveredca.com/toolkit/PDFs/ALL IN Flyer EnrollGetCareRenew CC.pdf](http://hbex.coveredca.com/toolkit/PDFs/ALL_IN_Flyer_EnrollGetCareRenew_CC.pdf)

BPEA shall not discriminate against a pupil who does not have health care coverage or use any information relating to a pupil’s health care coverage or interest in learning about health care coverage in any manner that would bring harm to the pupil or the pupil’s family.

#### **Availability of Prospectus**

Upon request, BPEA will make available to any parent or legal guardian, a school prospectus, which shall include the curriculum, including titles, descriptions, and instructional aims of every course offered. Please note that, pursuant to law, BPEA may charge for the prospectus in an amount not to exceed the cost of duplication.

#### **Cal Grant Program Notice - HIGH SCHOOL ONLY**

BPEA is required by state law to submit the Grade Point Average (“GPA”) of all high school seniors by Oct. 1 of each year, unless the student over age 18 or parent/guardian for those under 18 years of age opt-out. Students currently in eleventh (11th) grade will be deemed a Cal Grant applicant, unless the student (or parent, if the student is under 18) has opted out by or before February 1.

### **California Healthy Kids Survey**

BPEA will administer the California Healthy Kids Survey (“CHKS”) to those 5<sup>th</sup>, 7<sup>th</sup>, 9<sup>th</sup>, and 11<sup>th</sup> grade students whose parents or guardians provide written permission. The CHKS is an anonymous, confidential survey of school climate and safety, student wellness, and youth resiliency that enables BPEA to collect and analyze data regarding local youth health risks and behaviors, school connectedness, school climate, protective factors, and school violence.

### **Concussion/Head Injuries**

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. Because BPEA has elected to offer an athletic program, we must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete’s parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

### **Diabetes – 7<sup>th</sup> GRADE ONLY**

BPEA will provide an information sheet regarding type 2 diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of type 2 diabetes.
2. A description of the risk factors and warning signs associated with type 2 diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes should be screened for type 2 diabetes.
4. A description of treatments and prevention of methods of type 2 diabetes.
5. A description of the different types of diabetes screening tests available.

Please contact the office if you need a copy of this information sheet or if you have any questions about this information sheet.

### **Education of Foster Children and Youth**

**Definitions:** For the purposes of this annual notice the terms are defined as follows:

1. "Foster youth" refers to any child who has been removed from their home pursuant Welfare and Institutions Code section 309 and/or is the subject of a petition filed under Welfare and Institutions Code section 300 or 602. This includes children who are the subject of cases in dependency court and juvenile justice court.
2. "Former juvenile court school pupils" refers to a student who, upon completion of the student's second year of high school, transfers from a juvenile court school to the Charter School.
3. "Child of a military family" refers to a student who resides in the household of an active-duty military member.
4. "Currently Migratory Child" refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency ("LEA"), either within California or from another state, in order that the child or a member of the child's immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child's eligibility for migrant education services. "Currently Migratory Child" includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.
5. "Pupil participating in a newcomer program" means a pupil who is participating in a program designed to meet the academic and transitional needs of newly arrived immigrant pupils that has as a primary objective the development of English language proficiency.

Within this notice, foster youth, former juvenile court school pupils, a child of a military family, a currently migratory child, and a pupil participating in the newcomer program will be collectively referred to as "Foster and Mobile Youth." Within this notice, a parent, guardian, or other person holding the educational rights for a Foster and Mobile Youth will be referred to as a "parent."

**Foster and Mobile Youth Liaison:** The President/CEO or designee designates the following staff person as the Liaison for Foster and Mobile Youth:

Dr Cheryle Anderson  
Special Education Director/Equity & Student Services  
Big Picture Educational Academy  
735 N. Glenn Ave. Fresno, CA. 93728  
(559) 497-8272

The Foster and Mobile Youth Liaison's responsibilities include but are not limited to the following:

1. Ensuring and facilitating the proper educational placement, enrollment in school, and checkout from school of foster children.
2. Assisting foster children when transferring from one school to another school in ensuring proper transfer of credits, records and grades.

**School Stability:** The Charter School will work with foster youth and their parent to ensure that each pupil is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all pupils, including, but not necessarily limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability, and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children and children of military families have the right to remain in their school of origin if it is their best interest. The Charter School will immediately enroll a foster youth, currently migratory child or child of a military family seeking reenrollment in the Charter School as the student's school of origin (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy). If a dispute arises regarding a foster youth's request to remain in the Charter School as the school of origin, the foster youth has the right to remain in the Charter School pending the resolution of the dispute. The Charter School will also immediately enroll any foster youth, currently migratory child or child of a military family seeking to transfer to the Charter School (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g., producing medical records or academic records from a previous school).

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the child's status as a foster youth, currently migratory child or child of a military family, as follows:

1. For students in kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

**Graduation Requirements:** Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and pupils participating in a newcomer program who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption. In the case of a pupil participating in a newcomer program, enrollment in grade 11 or 12 may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under

the above requirements transfers into the Charter School, the Charter School shall notify the student, the parent, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's parent how any of the requirements that are waived will affect the pupil's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the court's jurisdiction terminates or the student no longer meets the definition of a child of military family, a currently migratory child or a pupil participating in a newcomer program.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.
2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Provide information to the student about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age,

upon agreement with the educational rights holder for the student.

**Acceptance of Course Work:** The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a Foster and Mobile Youth.

The Charter School will provide Foster and Mobile Youth credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the Foster and Mobile Youth shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

**Student Records:** When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new local educational agency (“LEA”), the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the pupil, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization, and other records, and, if applicable, a copy of the pupil’s special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

The Charter School shall not lower a foster youth’s grades because of the student’s absence due to a verified court appearance, related court ordered activity, or a change the placement of the student made by a county or placing agency. If a foster youth is absent from school due to a decision to change the placement of the student made by a county or placing agency, the grades and credits of the pupil will be calculated as of the date the student left the Charter School.

In accordance with the Charter School’s Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

**Discipline Determinations:** If the Charter School intends to extend the suspension of any foster/youth pending a recommendation for expulsion, the Charter School will invite the student’s attorney and an appropriate representative from the relevant county agency to participate in the meeting at which the extension of the suspension will be discussed.

If the Charter School intends to suspend for more than ten (10) consecutive school days or expel a student with a disability who is also a foster youth due to an act for which the recommendation

for expulsion is discretionary, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the Manifestation Determination Review meeting.

**Complaints of Noncompliance:** A complaint of noncompliance with any of the requirements outlined above may be filed through the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

**Availability of Complete Policy:** For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School's complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at the main office.

**High School Graduation Requirements:** Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the student's educational rights holder, and the School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's educational rights holder of how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and

An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.

4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University

of California admission eligibility requirements.

The Involuntary Removal Notice shall include the charges against the student and an explanation of the student’s basic rights including the right to request a hearing before the effective date of the action. The hearing shall be consistent with BPEA’s expulsion procedures. If the student’s parent, guardian, or educational rights holder requests a hearing, the student shall

remain enrolled and shall not be removed until BPEA issues a final decision. As used herein, “involuntarily removed” includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to BPEA’s suspension and expulsion policy.

Upon parent/guardian request for a hearing, BPEA will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student’s parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student’s educational rights holder and shall include a copy of BPEA’s expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the Student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If parent/guardian requests a hearing and does not attend on the date scheduled for the hearing the Student will be disenrolled effective the date of the hearing.

If because of the hearing the student is disenrolled, notice will be sent to the student’s last known district of residence within thirty (30) days.

A hearing decision not to disenroll the student does not prevent BPEA from making a similar recommendation in the future should student truancy continue or re-occur.

If a student willfully damages the Charter School’s property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student’s parents/guardians are liable for all damages caused by the student’s misconduct not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. If the student and the student’s parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student’s grades and diploma will be released.

### **Student Records, including Records Challenges and Directory Information**

The Family Educational Rights and Privacy Act (“FERPA”) affords parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student's education records within 5 business days after the day BPEA receives a request for access. Parents or eligible students should submit to the BPEA CEO/President or designee a written request that identifies the records they wish to inspect. The BPEA official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask BPEA to amend a record should write the Charter School's CEO/President or designee, clearly identify the part of the record they want changed and specify why it should be changed. If BPEA decides not to amend the record as requested by the parent or eligible student, BPEA will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. If BPEA decides to amend the record as requested by the parent or eligible student, the CEO/President must order the correction or the removal and destruction of the information and inform the parent or eligible student of the amendment in writing.

3. The right to provide written consent before BPEA discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to Charter School officials with legitimate educational interests. A Charter School official is a person employed by BPEA as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on BPEA's Board of Directors. A Charter School official also may include a volunteer, consultant, vendor, or contractor outside of BPEA who performs an institutional service of function for which BPEA would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, therapist, or contracted provider of digital educational platforms and/or services; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another Charter School official in performing his or her tasks. A Charter School official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, BPEA discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.

Note that BPEA will not release information to third parties for immigration-enforcement

purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by BPEA to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office  
U.S. Department of Education  
400 Maryland Avenue, SW Washington, DC 20202

5. The right to request that BPEA not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

FERPA permits the disclosure of PII from student's education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to Charter School officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires BPEA to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A Charter School may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student to the following parties:

1. Charter School officials who have a legitimate educational interest as defined by 34 C.F.R. Part 99;
2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, BPEA will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the pupil intends to enroll. BPEA will make a reasonable attempt to notify the parent or eligible student of the request for records at his/her last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, BPEA will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing;
3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;
4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;

6. Accrediting organizations in order to carry out their accrediting functions;
7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be

made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;

9. Persons who need to know in cases of health and safety emergencies;
10. State and local authorities, within a juvenile justice system, pursuant to specific State law;
11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the pupil's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by BPEA for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by BPEA; and/or
12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include final results of the disciplinary proceedings conducted by BPEA with respect to that alleged crime or offense. BPEA disclose the final results of the disciplinary proceeding, regardless of whether BPEA concluded a violation was committed.

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. ### **Tobacco-Free Schools**

Ample research has demonstrated the health hazards associated with the use of tobacco products, including smoking and the breathing of secondhand smoke. BPEA provides instructional programs designed to discourage students from using tobacco products. BPEA’s Governing Board recognizes that smoking and other uses of tobacco and nicotine products constitute a serious public health hazard and are inconsistent with the goals of BPEA to provide a healthy environment for students and staff.

In the best interest of students, employees, and the general public, the Board therefore prohibits the use of tobacco products at all times on BPEA property and in BPEA vehicles. This prohibition applies to all employees, students, visitors, and other persons at school or at a school-sponsored activity or athletic event. It applies to any meeting on any property owned, leased, or rented by or from BPEA.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. Smoking or use of any tobacco-related product is also prohibited within 250 feet of the youth sports event in the same park or facility where a youth sports event is taking place. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited.

The CEO/President or designee shall inform students, parents/guardians, employees, and the public about this policy. All individuals on BPEA premises share in the responsibility of adhering to this policy. Additionally, BPEA will post signs stating "Tobacco use is prohibited" prominently at all entrances to school property.

4. Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or Local Control and Accountability Plans ("LCAP") under Education Code sections 47606.5 and 47607.3, as applicable. If Charter School adopts a School Plan for Student Achievement ("SPSA") in addition to its LCAP, complaints of noncompliance with the requirements of the SPSA under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under the UCP.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.

Complaints regarding state preschool health and safety issues in local educational agencies exempt from licensing are governed by 5 C.C.R. sections 4690-4694, except as otherwise indicated.

Only complaints regarding pupil fees or LCAP compliance may be filed anonymously and only if the anonymous complainant provides evidence or information leading to evidence to support an allegation of noncompliance with laws relating to pupil fees or LCAP.

Complaints alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying, occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. All other complaints under the UCP shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which Charter School's Board of Directors approved the LCAP or the annual update was adopted by Charter School.

The Compliance Officer responsible for investigating the complaint shall conduct and complete the investigation in accordance with California regulations and in accordance with BPEA's procedures. The Compliance officer shall provide the Complainant a final written investigation report ("Decision") within sixty (60) calendar days from Charter School's receipt of the complaint. This sixty (60) calendar day time period may be extended by written agreement of the complainant.

The complainant has a right to appeal Charter School's Decision to the California Department of Education ("CDE") by filing a written appeal within thirty (30) calendar days of the date of the Charter School's written Decision, except if Charter School has used its UCP to address a complaint that is not subject to the UCP requirements. The appeal must include a copy of the complaint filed with Charter School, a copy of Charter School's Decision, and the complainant must specify and explain the basis for the appeal of the Decision, including at least one of the following:

1. Charter School failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Charter School's Decision are not supported by substantial evidence.
4. The legal conclusion in Charter School's Decision is inconsistent with the law.
5. In a case in which Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

A complainant who appeals Charter School's Decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant. Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision.

If a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the

complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.

If Charter School finds merit in a UCP complaint, or the CDE finds merit in an appeal, Charter School shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.

A complainant may pursue available civil law remedies outside of Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of the complainant's right to file a complaint in accordance with 5 CCR § 4622.

A copy of the UCP shall be available upon request free of charge in the main office. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the CEO/President.

## B. Complete Policies

### PROFESSIONAL BOUNDARIES: STAFF/STUDENT INTERACTION POLICY

#### DISCIPLINARY PHYSICAL CONTACT WITH STUDENTS

It is the policy of Big Picture Educational Academy that no teacher or other staff member will use corporal punishment against a student. This prohibition includes spanking, slapping, pinching, hitting, tying, taping, or the use of any other physical force as retaliation or correction for inappropriate behavior.

#### STAFF-STUDENT INTERACTIONS

While the use of appropriate touching is part of daily life and is important for student development, teachers and other staff members must ensure that they do not exceed appropriate behavior. If a child or other staff member specifically requests that he or she not be touched, then that request must be honored without question.

#### Boundaries Defined

For the purposes of this policy, the term “boundaries” is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing beyond the boundaries of a student-teacher relationship is deemed an abuse of power and a betrayal of public trust.

#### Acceptable and Unacceptable Behaviors

Some activities may seem innocent from a staff member’s point-of-view but could be perceived as flirtation or sexual insinuation from the perspective of students or parents. There is no single reasonable person standard. The purpose of the following lists of unacceptable and acceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to or may be perceived as inappropriate, or sexual misconduct, or “grooming.” Grooming is defined as an act or series of acts by a sexual predator to gain physical and/or emotional control by gaining trust (of staff and/or family and a minor) and desensitizing the minor to various forms of touching and other intimate interaction. Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this policy. Violations could subject the teacher or staff member to discipline up to and including termination. *Disagreeing with the wording or intent of these established boundaries will be considered irrelevant for any required disciplinary purposes.* Thus, it is critical that all employees study this policy thoroughly and apply its spirit and intent in their daily activities.

#### Unacceptable Behaviors

These lists (and any subsequent lists) are not meant to be all-inclusive, but rather, illustrative of the types of behavior intended to be addressed by this policy.

1. Giving gifts of a personal and intimate nature (including photographs) to a student; or items such as money, food, outings, electronics, etc. without the written pre-

approval of the Compliance Manager or organization President. It is recommended that any such gifts be filtered through the Academic Leader along with the rationale therefor, who will then discuss with the President or Compliance Manager.

2. Kissing of ANY kind
3. Massage [Note: Prohibited in athletics unless provided by massage therapist or other certified professional in an open public location. Coaches may not perform massage or rub-down. Permitted in special education only as instructed under an IEP or 504 Plan.]

21. Seeking emotional involvement (which can include intimate attachment) with a student beyond the normative care and concern required of an educator.
22. Listening to or telling stories that are sexually oriented
23. Discussing your personal troubles or intimate issues with a student
24. Becoming too involved with a student so that a reasonable person may suspect inappropriate behavior
25. Giving students a ride to/from school or school activities without the express, advance written permission of the Academic Leader and the student's parent or legal guardian.

26. Being alone in a room with a student at school with the door closed and/or windows blocked from view
27. Allowing students at your home and/or in rooms within your home without signed parental permission for a pre-planned and pre-communicated educational activity which must include another educator, parent, or designated school volunteer
28. Sending emails, text messages, social media responses, making phone calls, or sending notes or letters to students if the content is not about school activities.  
Communication via private social media accounts is not acceptable.

### Acceptable Behaviors

15. Keeping parents informed when a significant issue develops about a student, such as a change in demeanor or uncharacteristic behavior

16. Keeping after-class discussions with a student professional and brief
17. Immediately asking for advice from senior staff or administration if you find yourself in a difficult situation related to boundaries
18. Involving your direct supervisor in discussion about boundaries situations that have the potential to become more severe (including but not limited to: grooming or other red flag behaviors observed in colleagues, written material that is disturbing, or a student's fixation on an adult)
19. Making detailed notes about an incident that in your best judgement could evolve into a more serious situation later
20. Recognizing the responsibility to stop "Unacceptable Behaviors" of students and/or co-workers
21. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student after regular school hours
22. Prioritizing professional behavior during all moments of student contact
23. *Asking yourself if any of your actions, which could be contrary to these provisions, are worth sacrificing your job and career.*

This policy does not prevent: 1) touching a student for the purpose of guiding them along a physical path; 2) helping them up after a fall; or 3) engaging in a rescue or the application of Cardio Pulmonary Resuscitation (CPR) or other emergency first-aid. Nor does it prohibit the use of reasonable force and touching in self-defense or in the defense of another. Restraining a child who is trying to engage in violent or inappropriate behavior is also allowed. Only such force as necessary to defend one's self, another person, or the child or to protect property is legally permitted. Excessive force is prohibited.

### Boundaries Reporting

When any staff member, parent, or student becomes aware of a staff member (or volunteer, guest, vendor) having crossed the boundaries specified in this policy, or has a strong suspicion of misconduct, he or she must report the suspicion to the Academic Leader promptly, who will then report the incident to the School Compliance Manager or organization President. Reasonable suspicion means something perceived in spite of inconclusive or slight evidence. It is based on facts that would lead a reasonable person to believe the conduct occurred. Prompt reporting of observations falling into the unacceptable range of adult behavior with students is essential to protect students, the staff member, any witnesses, and the school as a whole. Employees must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse

### Child Abuse / Sexual Abuse Reporting (Mandatory Reporting)

If, within your professional capacity or within the scope of your employment, you observe or gain possession of knowledge that a child has been a victim of child abuse or sexual abuse, or you reasonably suspect it, **California Penal Code Section 11166 requires YOU to immediately**

**report this information or suspicion directly to a child protective agency or the police.** The report shall be made by phone as soon as possible and a subsequent written report must be sent within 36 hours of your knowledge or suspicion of the abuse. Internal reporting to the Academic Leader occurs after the phone-in report. Failure to meet these obligations can result in a monetary fine and/or jail.

### Investigating

The Academic Leader, together with the Organization President will promptly investigate and document the investigation of any allegation of sexual misconduct or inappropriate behavior, using such support staff or outside assistance, as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s) including any potential witnesses, as much as possible. The investigating administrator shall promptly notify the Governing Board in closed session of the existence and status of any investigations. Upon completion of any such investigations, the organization President shall report to the Governing Board any conclusions reached. The investigating administrator shall consult with legal counsel, as appropriate, prior to, during, and after conducting any investigation.

### Consequences

Staff members who have violated this policy will be subject to appropriate disciplinary action, and where appropriate, will be reported to authorities for potential legal action.

## **TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY**

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Big Picture Educational Academy ("BPEA") prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locks, and twist), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, BPEA will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. BPEA school staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, BPEA will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with which BPEA does business, or any other individual, student, or volunteer. This Policy applies to all employees, students, or volunteer actions and relationships, regardless of position or gender. BPEA will promptly and thoroughly investigate and respond to any complaint of misconduct prohibited by this Policy in a manner that is not deliberately indifferent and will take appropriate corrective action, if warranted. BPEA complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

### **Bullying and Cyberbullying Prevention Procedures**

BPEA has adopted the following procedures for preventing acts of bullying, including cyberbullying.

#### **1. Cyberbullying Prevention Procedures**

BPEA advises students:

- a. To never share passwords, personal data, or private photos online.
- b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- d. To consider how it would feel receiving such comments before making comments about others online.

BPEA informs Charter School employees, students, and parents/guardians of BPEA's policies regarding the use of technology in and out of the classroom. BPEA encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

#### **2. Education**

BPEA employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. BPEA advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at BPEA and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

BPEA's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a

non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

BPEA informs BPEA employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

### **3. Professional Development**

BPEA annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other BPEA employees who have regular interaction with students.

BPEA informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by BPEA, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth (“LGBTQ”) and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

BPEA encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for BPEA’s students.

## **Grievance Procedures**

### **1. Scope of Grievance Procedures**

BPEA will comply with its Uniform Complaint Procedures (“UCP”) policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person’s association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- a. Are written and signed;
- b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that

an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and

- c. Submitted to the BPEA UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, BPEA will utilize the following grievance procedures in addition to its UCP when applicable.

## **2. Reporting**

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. BPEA will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the President/CEO, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

BPEA acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

BPEA prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

### **3. Supportive Measures**

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to BPEA's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or BPEA's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. BPEA will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of BPEA to provide the supportive measures.

### **4. Investigation and Response**

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of BPEA, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than

twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
  - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
    - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
    - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
    - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence; and
    - A statement that BPEA prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.
- Emergency Removal
  - BPEA may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with BPEA's policies.
  - BPEA may remove a respondent from BPEA's education program or activity on an emergency basis, in accordance with BPEA's policies, provided that BPEA undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
  - This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.
- Informal Resolution
  - If a formal complaint of sexual harassment is filed, BPEA may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If BPEA offers such a process, it will do the following:

harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable BPEA policy.

- BPEA may dismiss a formal complaint of sexual harassment if:
  - The complainant provides a written withdrawal of the complaint to the Coordinator;
  - The respondent is no longer employed or enrolled at BPEA; or
  - The specific circumstances prevent BPEA from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
- If a formal complaint of sexual harassment or any of the claims therein are dismissed, BPEA will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
  - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
  - BPEA will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
    - The allegations in the formal complaint of sexual harassment;
    - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
    - The findings of facts supporting the determination;
    - The conclusions about the application of BPEA's code of conduct to the facts;
    - The decision and rationale for each allegation;
    - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
    - The procedures and permissible bases for appeals.

## **5. Consequences**

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up to and including expulsion from BPEA or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by BPEA in response to a formal complaint of sexual harassment.

## **6. Right of Appeal**

Should the reporting individual find BPEA's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of BPEA's decision or resolution, submit a written appeal to the President/CEO who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and BPEA will implement appeal procedures equally for both parties.

- BPEA will notify the other party in writing when an appeal is filed.
- The decision-maker for the appeal will give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

## **7. Recordkeeping**

All records related to any investigation of complaints under this Policy are maintained in a secure location.

will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant.
- Records of any appeal of a formal sexual harassment complaint and the results of that appeal.
- Records of any informal resolution of a sexual harassment complaint and the results of that informal resolution.
- All materials used to train Title IX coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

## **SUICIDE PREVENTION POLICY**

The Board of Directors of Big Picture Educational Academy (“BPEA” or the “Charter School”) recognizes that suicide is a major cause of death among youth and should be taken seriously. To attempt to reduce suicidal behavior and its impact on students and families, the Board of Directors has developed prevention strategies and intervention procedures.

In compliance with Education Code section 215, this policy has been developed in consultation with BPEA and community stakeholders, BPEA school-employed mental health professionals (e.g., school counselors, psychologists, social workers, nurses), administrators, other school staff members, parents/guardians/caregivers, students, local health agencies and professionals, the county mental health plan, law enforcement, and community organizations in planning, implementing, and evaluating BPEA’s strategies for suicide prevention and intervention. BPEA must work in conjunction with local government agencies, community-based organizations, and other community supports to identify additional resources.

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, BPEA shall appoint an individual (or team) to serve as the suicide prevention point of contact for BPEA. The suicide prevention point of contact for BPEA and the Principal shall ensure proper coordination and consultation with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. This policy shall be reviewed and revised as indicated, at least annually in conjunction with the previously mentioned community stakeholders.

### **Staff Development**

BPEA, along with its partners, has carefully reviewed available staff training to ensure it promotes the mental health model of suicide prevention and does not encourage the use of the stress model to explain suicide.

Training shall be provided for all school staff members. It may also be provided, when appropriate, for other adults on campus (such as substitutes and intermittent staff, volunteers, interns, tutors, coaches, and afterschool staff). Training shall include the following:

1. All suicide prevention trainings shall be offered under the direction of mental health professionals (e.g., school counselors, school psychologists, other public entity professionals, such as psychologists or social workers) who have received advanced training specific to suicide. Staff training may be adjusted year-to-year based on previous professional development activities and emerging best practices.
2. At least annually, all staff shall receive training on the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.
3. At a minimum, all staff shall participate in training on the core components of suicide prevention (identification of suicide risk factors and warning signs, prevention, intervention, referral, and postvention) at the beginning of their employment or annually. Core components of the general suicide prevention training shall include:

- a. Suicide risk factors, warning signs, and protective factors.
  - b. How to talk with a student about thoughts of suicide.
  - c. How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and an immediate referral for a suicide risk assessment.
  - d. Emphasis on immediately referring (same day) any student who is identified to be at risk of suicide for assessment while staying under constant monitoring by staff member.
  - e. Emphasis on reducing stigma associated with mental illness and that early prevention and intervention can drastically reduce the risk of suicide.
  - f. Reviewing the data annually to look for any patterns or trends of the prevalence or occurrence of suicide ideation, attempts, or death. Data from the California School Climate, Health, and Learning Survey (Cal-SCHLS) should also be analyzed to identify school climate deficits and drive program development. See the Cal-SCHLS Web site at <http://cal-schls.wested.org/>.
  - g. Information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:
    - i. Youth affected by suicide.
    - ii. Youth with a history of suicide ideation or attempts.
    - iii. Youth with disabilities, mental illness, or substance abuse disorders.
    - iv. Lesbian, gay, bisexual, transgender, or questioning youth.
    - v. Youth experiencing homelessness or in out-of-home settings, such as foster care.
    - vi. Youth who have suffered traumatic experiences.
4. In addition to initial orientations to the core components of suicide prevention, ongoing annual staff professional development for all staff may include the following components:
- a. The impact of traumatic stress on emotional and mental health.
  - b. Common misconceptions about suicide.
  - c. Charter School and community suicide prevention resources.
  - d. Appropriate messaging about suicide (correct terminology, safe messaging guidelines).
  - e. The factors associated with suicide (risk factors, warning signs, protective factors).
  - f. How to identify youth who may be at risk of suicide.
  - g. Appropriate ways to interact with a youth who is demonstrating emotional distress or is suicidal. Specifically, how to talk with a student about their thoughts of suicide and (based on BPEA guidelines) how to respond to such thinking; how to talk with a student about thoughts of suicide and appropriately respond and provide support based on BPEA guidelines.
  - h. Charter School-approved procedures for responding to suicide risk (including multi-tiered systems of support and referrals). Such procedures should emphasize that the suicidal student should be constantly supervised until a suicide risk assessment is completed.

- i. Charter School-approved procedures for responding to the aftermath of suicidal behavior (suicidal behavior postvention).
- j. Responding after a suicide occurs (suicide postvention).
- k. Resources regarding youth suicide prevention.
- l. Emphasis on stigma reduction and the fact that early prevention and intervention can drastically reduce the risk of suicide.
- m. Emphasis that any student who is identified to be at risk of suicide is to be immediately referred (same day) for assessment while being constantly monitored by a staff member.

### **Employee Qualifications and Scope of Services**

Employees of BPEA must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

### **Parents, Guardians, and Caregivers Participation and Education**

1. Parents/guardians/caregivers may be included in suicide prevention efforts. At a minimum, the Charter School shall share this Policy with parents/guardians/caregivers by notifying them where a complete copy of the policy is available.
2. This Suicide Prevention Policy shall be easily accessible and prominently displayed on the BPEA Web page and included in the parent handbook.
3. Parents/guardians/caregivers should be invited to provide input on the development and implementation of this policy.
4. All parents/guardians/caregivers may have access to suicide prevention training that addresses the following:
  - a. Suicide risk factors, warning signs, and protective factors.
  - b. How to talk with a student about thoughts of suicide.
  - c. How to respond appropriately to the student who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and referral for an immediate suicide risk assessment.

### **Student Participation and Education**

Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, BPEA along with its partners has carefully reviewed and will continue to review all materials and resources used in awareness efforts to ensure they align with best practices for safe messaging about suicide. Suicide prevention strategies may include, but not be limited to, efforts to promote

a positive school climate that enhances students' feelings of connectedness with BPEA and is characterized by caring staff and harmonious interrelationships among students.

BPEA's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience. The instruction shall not use the stress model to explain suicide.

BPEA's instructional curriculum may include information about suicide prevention, as appropriate or needed. If suicide prevention is included in the Charter School's instructional curriculum, it shall consider the grade level and age of the students and be delivered and discussed in a manner that is sensitive to the needs of young students. Under the supervision of an appropriately trained individual acting within the scope of her/his credential or license, students shall:

1. Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress. The content of the education may include:
  - a. Coping strategies for dealing with stress and trauma.
  - b. How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others.
  - c. Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help.
  - d. Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.
2. Receive developmentally appropriate guidance regarding BPEA's suicide prevention, intervention, and referral procedures.

Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, orientation classes, science, and physical education).

BPEA will support the creation and implementation of programs and/or activities on campus that raise awareness about mental wellness and suicide prevention (e.g., Mental Health Awareness Week, Peer Counseling, etc).

## **Intervention and Emergency Procedures**

BPEA designates the following administrators to act as the primary and secondary suicide prevention liaisons:

1. Special Education/ Equity and Student Services Director
2. Principal

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, they shall promptly notify the primary designated suicide prevention liaison. If this primary suicide prevention liaison is unavailable, the staff shall promptly notify the secondary suicide prevention liaison.

The suicide prevention liaison shall immediately notify the Principal or designee, who shall then notify the student's parent/guardian as soon as possible if appropriate and in the best interest of the student. Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.

The suicide prevention liaison shall also refer the student to mental health resources at BPEA or in the community.

When a student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911.

When a suicide attempt or threat is reported on campus or at a school-related activity, the suicide prevention liaison shall, at a minimum:

1. Ensure the student's physical safety by one or more of the following, as appropriate:
  - a. Securing immediate medical treatment if a suicide attempt has occurred.
  - b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened.
  - c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.
  - d. Remaining calm, keeping in mind the student is overwhelmed, confused, and emotionally distressed.
  - e. Moving all other students out of the immediate area.
  - f. Not sending the student away or leaving him/her alone, even to go to the restroom.
  - g. Providing comfort to the student, listening and allowing the student to talk and being comfortable with moments of silence.
  - h. Promising privacy and help, but not promising confidentiality.
2. Document the incident in writing as soon as feasible.

3. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed and coordinate and consult with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary.
4. After a referral is made, BPEA shall verify with the parent/guardian that the follow up treatment has been accessed. Parents/guardians will be required to provide documentation of care for the student. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, the suicide prevention liaisons shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the situation and build understanding of care. If follow up care is still not provided, BPEA may contact Child Protective Services.
5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at BPEA.
6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the BPEA campus, the suicide prevention liaison shall follow the crisis intervention procedures contained in BPEA's safety plan. After consultation with the Principal or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Principal or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. BPEA staff may receive assistance from BPEA counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

In the event a suicide occurs or is attempted off the BPEA campus and unrelated to school activities, the Principal or designee shall take the following steps to support the student:

1. Contact the parent/guardian and offer support to the family.
2. Discuss with the family how they would like BPEA to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.
3. Obtain permission from the parent/guardian to share information to ensure the facts regarding the crisis are correct.
4. The suicide prevention liaisons shall handle any media requests.
5. Provide care and determine appropriate support to affected students.
6. Offer to the student and parent/guardian steps for re-integration to school. Re-integration may include obtaining a written release from the parent/guardian to speak

with any health care providers; conferring with the student and parent/guardian about any specific requests on how to handle the situation; informing the student's teachers about possible days of absences; allowing accommodations for make-up work (being understanding that missed assignments may add stress to the student); appropriate staff maintaining ongoing contact with the student to monitor the student's actions and mood; and working with the parent/guardian to involve the student in an aftercare plan.

### **Supporting Students during or after a Mental Health Crisis**

Students shall be encouraged through the education program and in BPEA activities to notify a teacher, the Principal, another BPEA administrator, psychologist, BPEA counselor, suicide prevention liaisons, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. BPEA staff should treat each report seriously, calmly, and with active listening and support. Staff should be non-judgmental to students and discuss with the student, and parent/guardian, about additional resources to support the student.

### **Responding After a Suicide Death (Postvention)**

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on the school community, including students and staff. BPEA shall follow the below action plan for responding to a suicide death, which incorporates both immediate and long-term steps and objectives:

The suicide prevention liaison shall:

1. Coordinate with the Principal to:
  - a. Confirm death and cause.
  - b. Identify a staff member to contact deceased's family (within 24 hours).
  - c. Enact the Suicide Postvention Response.
  - d. Notify all staff members (ideally in-person or via phone, not via e-mail or mass notification).
2. Coordinate an all-staff meeting, to include:
  - a. Notification (if not already conducted) to staff about suicide death.
  - b. Emotional support and resources available to staff.
  - c. Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration).
  - d. Share information that is relevant and that which you have permission to disclose.
3. Prepare staff to respond to needs of students regarding the following:
  - a. Review of protocols for referring students for support/assessment.
  - b. Talking points for staff to notify students.
  - c. Resources available to students (on and off campus).

4. Identify students significantly affected by suicide death and other students at risk of imitative behavior.
5. Identify students affected by suicide death but not at risk of imitative behavior.
6. Communicate with the larger school community about the suicide death.
7. Consider funeral arrangements for family and school community.
8. Respond to memorial requests in respectful and non-harmful manner; responses should be handled in a thoughtful way and their impact on other students should be considered.
9. Identify media spokesperson if needed.
10. Include long-term suicide postvention responses:
  - a. Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed.
  - b. Support siblings, close friends, teachers, and/or students of deceased.
  - c. Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide.

### **Student Identification Cards**

Charter School will include the telephone number for the National Suicide Prevention Lifeline (1-800-273-8255) and the National Domestic Violence Hotline (1-800-799-7233) on all student identification cards. BPEA will also include the number for the Crisis Text Line, which can be accessed by texting HOME to 741741 and a local suicide prevention hotline on all student identification cards.
