Dear Parents/Guardians and Students,

Welcome to Big Picture Educational Academy (operating Big Picture Elementary, BPEA and Big Picture High School, hereinafter collectively referred to as “BPEA,” “the School,” or “Charter School”)! Thank you for choosing our school for your children. The BPEA team consists of teachers, paraprofessionals, parents, students, and staff all working together. We believe this cooperative work is instrumental in providing students with a great foundation for their future.

To our students - Welcome and congratulations on your enrollment at BPEA! By choosing BPEA, you will experience numerous opportunities to develop your creativity and curiosity and to work with your peers to discover yourself both socially and academically. We wish to ignite your desire to be a lifelong learner, through the integration of Science, Technology, Engineering, Arts/Design, and Math (“STEAM”) in your academic life. We will provide a safe and respectful learning environment by establishing expected behaviors, rules, and discipline, which will help you be a successful Panther Cub.

To our parents – Thank you for choosing BPEA for your child’s education. This parent/student handbook will answer many of the questions you may have and clarify the expectations of the School. By carefully reading this handbook, and the student support book, you will also discover the many avenues for communicating with teachers, staff, and the administration. We hope that this will be a wonderful school year for both you and your child/ren.

Together we will work hard to ensure our School is instrumental in establishing a solid foundation academically and socially for your children. BPEA teachers and staff certainly look forward to working with you and your family in this partnership. Feel free to contact us should you have any questions, suggestions or feedback.

Sincerely,

BPEA Leadership

“Go Panthers!”

General Information

What is a charter school?

A charter school is a form of public schooling whereby a contract (charter) is granted to a group of individuals which govern its operations, and in our case, offers a tuition-free performance-based school option. BPEA is part of the Big Picture Educational Academy (“BPEA”) which is authorized through the Fresno County Office of Education. The educational design is part of the nationally recognized, educational non-profit, Big Picture Learning, Inc. BPEA is currently encompassed of K-8 campus, a high school campus, and an Adult Program for High School Diplomas, Careers, and ESL training. The following are attributes that make BPEA different from public schools:

- BPEA is a school of CHOICE.
- BPEA students and teachers are here by CHOICE.
- BPEA implements site-based governance.
- BPEA is an Independent Local Educational Agency (“LEA”).
- BPEA employs Integrated Instruction through the Arts and Science.

The BPEA Charter resonates loud and clear that the arts and sciences matter in creating lifelong learning, as well as in reinforcing what is taught in the classroom. Creativity and curiosity activate student learning. Lifelong learners are active discoverers of knowledge.

BPEA Mission

BPEA educates individuals of all ages, one student at a time, to understand and engage in the world around them, take ownership of their learning, and develop abilities and passions for success in career and life.

BPEA Vision

BPEA students leave confident in their knowledge, skills, and relationships to pursue unique passions and make lasting positive impact on their lives and communities.

BPEA Philosophy

The instructional strategies employed by BPEA include, but are not limited to, explicit direct instruction, project-based learning, one-on-one support (when possible), small class sizes, intervention, and remedial support (as determined by multiple assessments), grouping by learning ability regardless of grade level, electives, across grade levels when appropriate, and student learning communities (small group instruction).

Using these methods, with a special emphasis on Big Picture learning fundamentals, our students will be prepared with critical thinking, problem solving and fundamental academic skills.

School Wide Expectations and ROAR Pledge

1. **Listen**
2. **Keep your hands, feet, and objects to yourself.**
3. **Use kind words.**
4. **Stay on task.**
5. **Always try your best.**

R - RESPONSIBILITY

I OWN MY ACTIONS AND TAKE PRIDE IN ALL THAT I DO

O – OVERCOME

I FACE CHALLENGES AND GROW FROM ALL OPPORTUNITIES.

A - ACCEPTING

I LOVE AND RESPECT EVERYONE WHILE ACKNOWLEDGING OUR DIFFERENCES.

R - REIMAGINE

I WORK TO CREATE THE FUTURE I ENVISION.

I AM A BIG PICTURE PANTHER AND THIS IS MY PLEDGE.

Parent and Family Engagement Policy

BPEA aims to provide all students in our school significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act (“ESEA”). BPEA staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success. A copy of BPEA’s complete Policy is available upon request in the main office.

Parent Involvement

Parents/Guardians, thank you in advance for making this commitment to your child!
Parental support is one of the cornerstones of a successful school.

We appreciate parents becoming partners with the School in the education of their children. Parents do so much to support their children by placing importance and value on education in the home.

By actively participating in school activities, parents demonstrate to students that the school and their education are important. This leads to children's behavior and attitude improving. Happy students generally reach higher levels of academic achievement and make sustainable gains in core areas as well as in life skills.

BPEA parents and guardians are encouraged to volunteer twenty (20) hours per year.

There are several ways parents and guardians can volunteer to help BPEA:

- School Site Council ("SSC")
- Panther Parent Teacher Club ("PTC")
- Parent Advisory Council ("PAC")
- BPEA Board position
- Volunteer in the classrooms
- Provide materials
- Volunteer in the garden
- Participating in fundraising
- Coordinating fundraisers
- Community/Business Partnerships
- Volunteer to help with marketing and public relations
- Chaperoning/volunteering study trips

Please note that no student's enrollment status or participation in educational activities will be affected by that student's family's ability or inability to volunteer.

A complete copy of our Involvement of Parents in the Title I Program is available upon request at the Front Office.

School Calendar

The school calendar is handed out monthly to our students and is also available in the front office or school website.

www.bpeducationalacademy.org

bpea.school.org

Bell Schedule

The school bell schedule is available in the front office and on the school's website.

Transportation

Though we now have transportation for our students to and from both the K-8 and high school sites, we would like to inform our families of a few guidelines for transportation services.

We would love to be able to provide services to every student, but space and time are limited. The guidelines for transportation are as follows:

1. Your family must have a sincere need for the service, meaning you have no way to get your student to and from School (i.e. no vehicle, economic hardship, you live too far from School site.)
2. Parents/Guardians must be able to make sure their child is at School site at the time agreed upon to get transported from School site to School site.
3. Parents/Guardians must always keep the School site/driver informed if their child is not going to need transportation on any given day.
4. Students will follow all safety protocol while inside of the School vehicle.

Drop Off and Pick Up of Students

For the safety of students, parents, & staff, BPEA has one designated drop off area for drop off/pick-up per school site:

Big Picture Elementary Campus (K-8):

The Mariposa entrance: Please drive on the school side of Mariposa and stop in the marked places. Entrance will be into the Auditorium door..

When dropping off or picking up students, parent(s)/guardian(s) please:

- Follow the flow of traffic.
- Cooperate with the crossing guards, who are there to ensure your child's safety.
- Pull forward before stopping to allow children to exit or enter the car.
- Crossing guards will call for your student when picking up at the Glenn gate.
- Never leave your car unattended in the loading zones.
- Park only in designated parking areas.
- Do not leave children unattended in your car.

Walking to School

Students and parents/guardians should agree upon a safe walking route to and from School. Always be sure to use sidewalks and stay within crosswalks. Please inform the front office if your child/children will be walking to and from School.

Involuntary Removal Process

No student shall be involuntarily removed by BPEA for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five (5) schooldays

before the effective date of the action (“Involuntary Removal Notice”). The written notice shall be in the native language of the student or the student’s parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student’s educational rights holder. The Involuntary Removal Notice shall include the charges against the student and an explanation of the student’s basic rights including the right to request a hearing before the effective date of the action. The hearing shall be consistent with BPEA’s expulsion procedures. If the student’s parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until BPEA issues a final decision. As used herein, “involuntarily removed” includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to BPEA’s suspension and expulsion policy.

Upon parent/guardian request for a hearing, BPEA will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student’s parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student’s educational rights holder and shall include a copy of BPEA’s expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the Student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If parent/guardian requests a hearing and does not attend on the date scheduled for the hearing the Student will be disenrolled effective the date of the hearing.

If, as a result of the hearing the student is disenrolled, notice will be sent to the student’s last known district of residence within thirty (30) days.

A hearing decision not to disenroll the student does not prevent BPEA from making a similar recommendation in the future should student truancy continue or re-occur.

Instructional Program

Availability of Prospectus

Upon request, the School will make available to any parent or legal guardian, a school prospectus, which shall include the curriculum, including titles, descriptions, and instructional aims of every course offered. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a passive consent (“opt-out”) process. Parents or guardians shall be notified in writing that this test, questionnaire, or survey is to be administered, given the opportunity to review the test, questionnaire, or survey if they wish, notified of their right to excuse their child from the test, questionnaire, or survey, and informed that to excuse their child they must state their request in writing to BPEA.

A student may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on student health behaviors and risks, if BPEA has received a written request from the student’s parent or guardian excusing the student from participation. An alternative educational activity shall be made available to students whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

Surveys About Personal Beliefs

The CHKS is an anonymous, confidential survey of school climate and safety, student wellness, and youth resiliency that enables BPEA to collect and analyze data regarding local youth health risks and behaviors, school connectedness, school climate, protective factors, and school violence.

Animal Dissections

Students at Big Picture Educational Academy (“BPEA” or “School” or “Charter School”) may perform animal dissections as part of the science curriculum. Any pupil who provides his or her teacher with a written statement, signed by his or her parent/guardian, specifying the pupil’s moral objection to dissecting or otherwise harming or destroying animals, or any parts thereof, may be excused from such activities if the teacher believes that an adequate alternative education project is possible. The alternative education project shall require a comparable time and effort investment by the pupil. It shall not, as a means of penalizing the pupil, be more arduous than the original education project. The pupil shall not be discriminated against based upon his or her moral objection to dissecting or otherwise harming or destroying animals, or any parts thereof.

A copy of the Charter School's Section 504 policies and procedures is available upon request.

School Visitation and Volunteering

Parental involvement in the classroom is highly valued, and parent(s)/guardian(s) are encouraged to volunteer with BPEA. In doing so, parents get to see what is happening in their child's class. If possible, please arrange ahead of time with the teachers for classroom visits and volunteering opportunities. Volunteers/chaperones shall act in accordance with School policies and regulations as well as individual site requirements.

At the discretion of the BPEA Board of Directors, this paragraph shall not apply to a volunteer whose functions do not require frequent or prolonged contact with pupils.
3. Information gained by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality.
4. If a volunteer hears or notices child abuse or evidence of child abuse, they are encouraged to report it to the BPEA Principal, immediately.

6. Volunteers who will volunteer outside of the direct supervision of a credentialed employee are required to complete the **Request for Live Scan Service Form** provided in the front office as well as our **Big Picture Chaperone Duties & Code of Conduct Study Trip Contract**. Such a volunteer will also receive background clearance prior to volunteering without the direct supervision of a credentialed employee.
7. Volunteer hours are applied to the non-mandatory twenty (20) hours of volunteering encouraged above.
8. All visitors need to report to the office, sign in, and obtain a visitor/volunteer badge, as part of security measures. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity. All

visitors/volunteers must return the badge back to the office and sign out before leaving campus.

9. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys) the officer/official will also be asked to produce any documentation that authorizes school access. BPEA shall make reasonable efforts to notify parents or guardians prior to permitting a student to be interviewed or searched, consistent with the law and/or any court order, warrant or instructions from the officer/official. A copy of the documentation provided by the officer and notes from the encounter may be maintained by BPEA, consistent with the law. The BPEA Governing Board and Bureau of Children's Justice in the California Department of Justice, at BCJ@doj.ca.gov, will be timely informed regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes, as recommended by the Attorney General.
10. For purposes of school safety and security, the Executive Director or designee may design a visible means of identification for visitors while on school premises.
11. Visitors are expected to:

 - Complete a visitor's documentation upon arrival at the site
 - Enter and leave the classroom as quietly as possible
 - Not converse with the students, teacher and/or instructional aides during the visitation
 - Not interfere with any school activity

 - Keep the length and frequency of classroom visits reasonable and not longer than scheduled with the School in advance
 - Learn and follow the school-wide behavioral expectations

Consequences

Any individual who disrupts a school site or fails to follow school rules and/or procedures is subject to removal from the school site and may be further restricted from visiting the School.

Pursuant to the California Penal Code, if a visitor does not leave after being asked or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to \$500.00 (five hundred dollars) or imprisonment in the County jail for a period of up to six (6) months or both.

Under California Education Code section 44811, disruption by a parent, guardian or other person at a school or school sponsored activity is punishable, upon the first conviction by a fine or no less than \$500.00 (five hundred dollars) and no more than \$1,000.00 (one thousand dollars) or by imprisonment in a County jail for no more than one (1) year, or both the fine and imprisonment.

Disruptive conduct may lead to BPEA's pursuit of a restraining order against a visitor, which would prohibit him/her from coming onto school grounds or attending school activities for any purpose for a period of up to three (3) years.

Classroom- Based Attendance

Instructional Day Starting times

- **Elementary School Students will begin at 8:30 a.m. Monday-Friday**

Instructional Day Ending Times

- **All students will be dismissed at 3:00 p.m. on Monday, Tuesday, Thursday and Friday.**
- ***Dismissal is at 1pm on Wednesdays.***

Tardy

Students are to be with their class at the start time; otherwise, the student is tardy and must report to the front office to obtain a tardy slip.

BPEA promotes a good work ethic for the future, beginning with attendance. Making sure your child is at School and on time is very important. If your child has constant unexcused absences, he/she may potentially be eligible for grade retention.

It is important to note that three (3) tardies of thirty (30) or more minutes become the equivalent of one (1) unexcused absence. The accumulation of unexcused tardies and absences may result in the student being identified as a truant pursuant to BPEA's Classroom Attendance Policy.

Remember, we are a team. To be a team, we have to be here, together. Please do everything you can to get your child to School on time every day.

Closed Campus

BPEA maintains a closed campus – once students arrive on campus, they must stay. Whenever there is a need to leave School, for any reason, students **MUST CHECK OUT THROUGH THE ATTENDANCE OFFICE**. Students should bring parent notes to the office for a pass or may request the office to phone home if necessary. **Students are considered to be on campus once they arrive at School, even if they have not yet entered through the gates.**

Perfect Attendance:

Perfect attendance is described as follows for BPEA: Arriving to School on time every school day, not having any unexcused tardies, and/or not having any unexcused absences. A student with any unexcused tardies or unexcused absences will not be eligible for perfect attendance.

The teacher of the class from which a student is absent shall determine which tests and assignments are reasonably equivalent to, but not necessarily identical to, the tests and assignments that the student missed during the excused absence.

To excuse an absence, Parent(s)/guardian(s) **MUST** contact the office staff.

Excessive Absences and Tardies

Excessive absences and tardies are taken seriously at BPEA. The school must report all attendance information to the California Department of Education (“CDE”). School site staff will contact parents via phone, mail, and scheduled meetings to address any attendance issues. Three (3) UNEXCUSED ABSENCES within a trimester will result in a documented contact with parents through a letter. If absences continue within a trimester, a conference will be requested with the parent/guardians to discuss this ongoing problem.

BPEA will employ an attendance contract with parents prior to an Internal Attendance Review, when deemed necessary. If attendance does not improve, an Internal Attendance Review/Re-engagement meeting will be conducted and a means to improve attendance will be determined. It is the goal of the School to ensure that students are here on time, and prepared for the day.

Universal Free Meals

BPEA participates in the National School Lunch Program. Commencing with the 2022-23 school year, the Charter School shall provide two (2) nutritionally adequate meals to each student who requests a meal without consideration of the student’s eligibility for a federally funded free or reduced-price meal, with a maximum of one (1) free meal per meal service (breakfast and lunch) each school day. This shall apply to all pupils in kindergarten through grade twelve (12).

Applications for school meals are included in the first day packets to all families and can also be obtained on the BPEA website and in the main office. All families are encouraged to complete the application form. Completed application forms can be returned to the main office.

- Breakfast will be served during school from 7:30-8:00 a.m. at the Elementary School and 8:00a.m.- 8:30a.m. at the High School.
- Lunch will also be served during the day. (Please see bell schedule available in the front office and school website)
- Snacks will be provided for students at the Elementary School, free of charge.
- Fundraising food items may be sold at BPEA periodically, outside of mealtimes.
- **See BPEA Food Policies for more information.** (Including our Nut-free Campus rules.)

A copy of the complete Policy is available upon request at the main office. BPEA also maintains a School Wellness Policy pursuant to state and federal requirements. A copy of the complete Policy is available upon request at the main office.

Personal Belongings

Students **are not allowed** to have the following items at School:

- Gum, candy, sodas, sunflower seeds, hot chips (please review the School's Food Policy)
- Electronic devices except cell phones (see the School's Phone Policy)
- Fidget spinners, Pop fidgets, and other toys will be sent home if they become a distraction.

These items will be held by staff and only released to a parent/guardian. BPEA will not be held liable for any damage, theft or loss of items. We reserve the right to restrict any additional items as they present issues or the potential for creating problems at the School.

Lost or Damaged School Property

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

Phone Use and Cell Phones

- Students may use a School phone with permission from a teacher or other School staff member.
- Student cell phones should be labeled with your child's first and last name to ensure proper identification if lost or stolen.
- Cell phones must be turned off and put away during class time.
- Cell phones **must not be used to take any photos, video, or any type of recording of any student, teacher or staff member without prior parental and/or School site permission, as well as permission of the person being photographed or recorded.**
- Any student found violating the School Cell Phone Use Policy will be subject to being reprimanded and the phone will be confiscated.
- Confiscated or found cell phones will only be returned to parents/guardians.
- BPEA does not assume any liability for any lost, damaged or stolen items.

Phone calls **will not be transferred** to the classroom to speak with a teacher or student during instructional time.

Please make your emergency calls to the office and these messages will be given to your child and/or the teacher.

Please be mindful of these restrictions when planning transportation.

The most common reason for students having a cell phone is to arrange rides.

Please plan ahead whenever possible.

These arrangements should be made **BEFORE** the start of each School day.

Study Trips and Permission Slips

Study trips provide students with opportunities to learn and interact beyond the classroom and campus environment. Study trips provide an invaluable extension to our curriculum. *No student will be permitted to go on a Study trip if he/she has not been working hard, committed to his/her contracts, whose behavior does not warrant their attending the study trip, or has not met the standards of the classroom teacher or Administrator.* Students who have not earned the privilege to these trips will be expected to attend School as normal for those days. Parents must complete and sign a Permission Slip in order for their child to participate in each study trip. Faxes/emails/ phone calls will **NOT** qualify as the required parental approval. No student will be unable to participate in a study trip due to financial hardship.

BPEA does not own buses. However, we do contract with other school districts and agencies to use their buses for our study trips. Students will be suspended from bus transportation for failure to abide by the BPEA and bus driver's safety expectations. Behavior expectations include, but are not limited to: Students speak quietly, stay in their seats facing forward throughout the trip, and keep hands in the bus at all times. Horseplay and talking loudly or yelling are not permitted.

Additional note on Study Trips

- Students will not be permitted to do any shopping for food or souvenirs (unless stated otherwise on the permission slip)
- If shopping is allowed, all students must be supervised by a chaperone.
- Students must ride the bus or provided transportation, unless the parent has signed written permission to take their child from School.
- The Cell Phone Policy is in effect on the way to and from a Study Trip, as well as at all times during the Study Trip.

Computer/Internet Use

Computers are used in the classroom to support learning and enhance instruction in the core curricular subject areas. However, all computer privileges depend on a student using the technology in a responsible, efficient, ethical, and legal manner.

A student **may not:**

- Use the Internet for any illegal purpose
- Visit sites including, but not limited to, social media, personal e-mail, internet chatting
- Use profane, obscene, impolite or abusive language
- Change computer files that do not belong to the user
- Violate someone else's privacy
- Share personal information about themselves or others
- Violate copyright laws
- Tamper with or alter the computer programs or system

Families are cautioned that some materials accessible on the Internet may contain text or images that are inaccurate or offensive. If you do NOT want your student to use the Internet or email services available at School, please notify the School in writing.

Dress Code

When a student is not within the dress code policy, the office staff or Vice Principal will call home to ask parents/guardians to bring the child a change of clothing that meets the dress code requirements. If students continue to wear inappropriate clothing, it will require a conference with the student, parents and the Admin team.

BPEA prohibits any student apparel or grooming practice which:

- Presents a hazard to the health or safety of the student or to others in the School.
- Materially interferes with School work, creates disorder, or disrupts the educational program.
- Causes excessive wear or damage to School property.
- Prevents the student from achieving educational objectives because of blocked vision or restrictive movement.

The following sections outline a dress code that is intended to present all students of the School to the community as astute, professional, mature, and respectful young people. It is a teaching tool to help students understand what proper dress means. The dress code does not contain every possible description of proper or improper dress. Therefore, it is expected that all students always follow the intent of the dress code.

Students must dress appropriately for School and unless there is a special dress day, all students must follow the **Regular Daily Dress Code**. Students are expected to give proper attention to personal cleanliness and to wear clothes that are suitable for the School activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would

interfere with the educational process. The following **General Dress Rules** shall apply to all regular School activities:

- Shoes must be worn at all times. Students must have proper shoes for recess or P.E., including closed toe and a back strap.
- Clothing, jewelry, and personal items (backpacks, fanny packs, gym bags, water bottles, notebooks, etc.) shall be free of writing, pictures or any other insignia which are profane, or sexually suggestive; which bear drug, alcohol, or tobacco company advertising promotions, and likenesses; which advocate racial, ethnic, or religious prejudice; or which bear or advocate any gang or crew related logos, monikers, or other such writing.
- Clothes shall be sufficient to always conceal undergarments. See-through or fish-net fabrics, halter tops, low cut tops, oversized arm holes, bare midriffs, and skirts, dresses, or shorts that are shorter than at fingertip length at the longest finger are not allowed.
- Pants and shorts must be worn at the hips or waist; sagging or bagging of pants/shorts is not allowed. Shirts should cover waist if no belt is worn.
- Any perceived gang attire is specifically prohibited including any Fresno State, bulldog or other dog logos. Wearing colors that are chosen by local gangs may be prohibited by the administration. At present, do not wear more than one (1) red or blue garment including shoes.
- Students may not wear or possess accessories that could be harmful to other students or staff members.
- Piercings and other accessories shall not create a distraction while at School.
- Scarves, hoods, hats, or other head coverings may not be worn in a way that obstructs the face or keeps the student from being easily identified.
- Pajamas may not be worn at any time, not even showing under your other pants or layers of clothing, except for specified days.

Grooming

- Makeup, except for clear lip balm is not allowed.
- Artificial nails which are not in a short/natural nail length (which cause a safety issue) are not allowed.
- No cologne, perfume, etc. is allowed to be brought to School and will be confiscated from students if found at School. (Please wear sparingly due to community sensitivities.)
- **During LTI and exhibition students must follow the dress code of the mentor's organization and/or dress professionally.**

School Discipline

Student discipline is fundamental to learning within BPEA. We believe that discipline serves several needs. First, discipline will teach students how to determine right from wrong and make the appropriate choices. Second, our disciplinary consequences make distinct boundaries for all, as to what is and what is not acceptable, at BPEA. Our commitment to positive and consistent reinforcement of expected student behaviors is for the long-term growth and benefit of our students. Actions matter and so do the consequences! Students will have a safe and respectful learning environment here at BPEA.

School wide behavior and learning expectations are a BPEA standard for academic and social achievement at School and in the community. BPEA believes in promoting a culture of family on campus and encouraging students to support each other in proper decision making throughout the School environment.

BPEA staff believes these expectations are lifelong skills all students should acquire. All students will strive to meet the five School wide expectations set forth for their safety and long term academic success.

Evaluation of Behavior and Use of Restorative Discipline

BPEA believes in using discipline that restores positive behavior. Our students are lifelong learners and will make negative choices every so often. We believe through the use of restorative discipline, students will develop a much deeper understanding of how their actions affect others and they will learn to develop empathy and respect for their peers. At BPEA, there are no “bad children,” just children who are learning the consequences of their choices. The staff believes in supporting and guiding students toward making positive choices and developing lifelong skills for success.

When a student breaks one of the BPEA School Wide Panther Expectations, there will be a mediation, either with their teacher or the Vice Principal. If necessary, the student will create a behavior contract. The contract explains that, “repeated failure to meet the expectations will lead to a loss of BPEA privileges, and can lead to suspension and/or expulsion from the school.”

Expectations for student behavior are located in the **BPEA Commitment Contract**, which is reviewed, discussed, and signed by each student attending the School. A copy of this contract can be found in the front office.

Student behavior will be evaluated at BPEA based on the following two (2) criteria: severity and frequency. Severity refers to the significance and seriousness of the offense. Frequency refers to the number of times an incident has been committed in the past.

The list below categorizes many, but not all, offenses. Most behavior issues will be resolved with the classroom teacher, electives teacher, cafeteria staff, and/or yard duty staff where the incident took place. The severity of the student’s behavior will determine

the consequences the student will face, by the staff and/or administrator, when necessary.

Minor Behavior issues include, but are not limited to:

- Wandering the halls or campus (route to bathroom/office/class)
- Cutting in line
- Running in the hallways/walkways
- Incomplete work
- Tardy to electives
- Talking to the point of distraction or interruption
- Passing notes
- Not following directions
- Dress code violation (not gang related)
- Inappropriate computer use
- Inappropriate phone use
- Inappropriate use of items/materials
- Loitering in the bathroom
- Play-fighting (not intending to hurt each other)
- Not cleaning up after oneself, such as in the cafeteria for lunch; littering
- Any activity that interferes with student learning

Severe Behavior issues include, but are not limited to:

- **The possession and/or use of any illegal substance, tobacco, alcohol, drug paraphernalia or weapons. The possession and/or use of will be grounds for automatic recommendation for expulsion.**
- Lying that may cause irreparable harm to self or others
- Cheating on Standardized Assessments
- Plagiarism
- Stealing
- Fighting
- Assault
- **Bullying**
- Chronic Ditching
- Disrespectful or defiant behavior to School staff, teachers, parents, or volunteers
- Inappropriate or offensive public displays of sexually explicit behavior
- Objects used to throw and/ or hurt others (i.e. shooting rubber bands, throwing rocks or food at others)
- Dangerous or aggressive behavior
- Possessing dangerous items, as determined by administration
- Vandalizing School property
- Profanity
- Sexual harassment/Sexual battery
- Gang activity, affiliations and/or recruitment
- Any activity that threatens or endangers the safety of self, students and/or staff

Possible Consequences for Misbehavior

The following may result in these specific consequences: **loss of trips** (and other privileges), **retention**, and **expulsion**. Habitual offenses (students who continue inappropriate behavior after disciplinary measures have been given) will be recommended for expulsion, as determined by the administration. BPEA will not tolerate those who will not abide by the standards set for all students. Administration reserves the right to determine appropriate consequences on a case-by-case situation.

Ditching school: Student will need to make up missed time and assignments, as arranged with parents, teaching staff and administration. Attendance policies will be enforced.

Inappropriate and/or Offensive Public displays of sexually explicit behavior: Explicit, personal displays of affection, whether solicited or not, such as kissing, touching in a suggestive manner, dancing in a suggestive manner, arms around waists, hands in each other's pockets, etc. may result in a reprimand, phone call home and/or suspension depending on the severity of the situation.

Vandalism: Any student who commits vandalism will help clean the School based on the severity of the infraction, with supervision, and may potentially face other consequences, including expulsion, depending on the type of vandalism. Law enforcement may be notified. Parent(s)/Guardian(s) of minors will be liable for all damages caused by the willful misconduct of a minor.

Taunting, threatening, and bullying others: Any student who taunts, spreads hurtful rumors, makes derogatory comments or drawings of others (a type of bullying) OR threatens to harm or physically bully others, may be suspended depending on the severity of the infraction. Parents will be contacted, and consequences deemed appropriate will be implemented, by administration. Subsequent offenses may lead to expulsion.

Disrespect or defiance: Any student who commits disrespectful or defiant behavior toward a teacher, parent, and/or volunteer will be written up and the parent/guardian will be notified. Habitual offenses may lead to suspensions and/or expulsion.

Fighting: Fighting will result in suspension. Fighting is defined as any strike towards another person. A strike can be made with any part of the body, spit, a foreign object, or weapon. Recommendation of expulsion will be at the discretion of the Principal. Severity of offense will determine the length of the suspension.

Alcohol, drugs, tobacco or drug paraphernalia: Students in possession of alcohol, drugs, tobacco and/or drug paraphernalia will be recommended for expulsion.

Fire producing objects: Students bringing lighters, matches, etc. will be suspended. Any items found in possession of the student will be confiscated. Repeat offenses or using stated items will be recommended for expulsion. Parent(s)/Guardian(s) will be held liable for all damages caused by the willful misconduct of a minor.

Knife or other weapons: Any student who brings a knife (even if it is a pocketknife) or other weapons such as firearms, slingshots, explosives, etc. will be recommended for expulsion at the discretion of the administration. The weapon will be confiscated. Law enforcement will be notified.

Objects used to throw at and/or hurt others: This may result in loss of privileges based on severity of offense. Subsequent offenses may lead to suspension, then recommendation for expulsion. Parent(s)/Guardian(s) can be held liable for all damages caused by the willful misconduct of a minor.

Committing extremely dangerous/aggressive behavior: Behavior that puts any student, School staff, teacher, parent or volunteer in serious harm's way will be recommended for expulsion.

Profanity: Language, usually curse words, actions or lewd phrases that are indecent and extremely offensive can be considered profane. Profane words or images on clothing, accessories, hats, and/or on other personal items are banned. The incident will be documented, parent/guardian will be notified, and suspension will be implemented if deemed appropriate. Subsequent and repeat offenses may lead to expulsion.

Sexual harassment or battery: Any student who commits sexual harassment (including but not limited to deliberate touching, sexual jokes, gestures, pictures, or pressure for sex) depending on severity could lead to suspension and subsequent offenses may lead to recommendation for expulsion. Sexual battery will face automatic recommendation for expulsion. Law enforcement will be notified.

Cheating, including plagiarism: Any student who cheats on an assignment will earn an automatic zero on the assignment. If a student copies another student's work or if a student gives another student his/her work, it is considered cheating. Plagiarism involves the stealing of someone else's ideas or words and used as one's own or the imitation of the language, ideas, and thoughts of another author (or person) and representation of the same as one's original work.

Stealing/Extortion: Any student who steals or extorts will face suspension and/or recommendation for expulsion depending on the severity of their actions. Extortion is the obtaining of money or property from another by illegal or bullying tactics. Law enforcement may be notified.

Lying and Forgery: Any student who attempts to deceive School officials by lying, forgery or other acts of deceptions may be suspended and may be considered for expulsion depending on the severity of their actions.

Gang activity and affiliations: BPEA takes a no tolerance attitude towards gangs, gang activity and gang affiliation. Dress code violations, gestures, handshakes, literature, etc. found to be gang related and purposeful will be cause for suspension with notification to proper authorities for intervention. This serious matter not only affects the student involved with the gangs, but the whole student body as well. Failure in the student's compliance to the Gang Policy will lead to expulsion. Proper authorities will be notified, as well as the home school.

Again, students who violate this policy shall and will be subject to the full range of school disciplinary measures, in addition to applicable criminal and civil penalties. Please read the Gang Policy in this Handbook.

Education of Foster Children and Youth

Definitions: For the purposes of this annual notice the terms are defined as follows:

- “*Foster youth*” means any of the following:
 1. A child who is the subject of a petition filed pursuant to California Welfare and Institutions Code (“WIC”) section 309 (whether or not the child has been removed from the child’s home by juvenile court).
 2. A child who is the subject of a petition filed pursuant WIC section 602, has been removed from the child’s home by the juvenile court, and is in foster care.
 3. A nonminor under the transition jurisdiction of the juvenile court, as described in WIC section 450, who satisfies all of the following criteria:
 - a. The nonminor has attained 18 years of age while under an order of foster care placement by the juvenile court.
 - b. The nonminor is in foster care under the placement and care responsibility of the county welfare department, county probation department, Indian tribe, consortium of tribes, or tribal organization.
 - c. The nonminor is participating in a transitional independent living case plan.
 4. A dependent child of the court of an Indian tribe, consortium of tribes, or tribal organization who is the subject of a petition filed in the tribal court.¹
 5. A child who is the subject of a voluntary placement agreement, as defined in WIC section 11400.
- “Former juvenile court school pupils” refers to a student who, upon completion of the student’s second year of high school, transfers from a juvenile court school to the Charter School.
- “Child of a military family” refers to a student who resides in the household of an active-duty military member.
- “Currently Migratory Child” refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency (“LEA”), either within California or from another state, in order that the child or a member of the child’s immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child’s eligibility for migrant education services. “Currently Migratory Child” includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.
- “Pupil participating in a newcomer program” means a pupil who is participating in a program designed to meet the academic and transitional needs of newly arrived immigrant pupils that has as a primary objective the development of English language proficiency.

¹ The Charter School shall not require an Indian tribe or tribal court representative to certify that any student is a dependent of an Indian tribe, consortium of tribes, or tribal organization.

Within this notice, foster youth, former juvenile court school pupils, a child of a military family, a currently migratory child, and a pupil participating in the newcomer program will be collectively referred to as “Foster and Mobile Youth.” Within this notice, a parent, guardian, or other person holding the educational rights for a Foster and Mobile Youth will be referred to as a “parent.”

Foster and Mobile Youth Liaison: The President/CEO or designee designates the following staff person as the Liaison for Foster and Mobile Youth:

Dr Cheryle Anderson
Special Education Director/Equity & Student Services
Big Picture Educational Academy
735 N. Glenn Ave. Fresno, CA. 93728
(559) 497-8272

The Foster and Mobile Youth Liaison’s responsibilities include but are not limited to the following:

1. Ensuring and facilitating the proper educational placement, enrollment in school, and checkout from school of foster children.
2. Assisting foster children when transferring from one school to another school in ensuring proper transfer of credits, records and grades.

School Stability: The Charter School will work with foster youth and their parent to ensure that each pupil is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all pupils, including, but not necessarily limited to, interscholastic sports. All decisions regarding a foster youth’s education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability, and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children and children of military families have the right to remain in their school of origin if it is their best interest. The Charter School will immediately enroll a foster youth, currently migratory child or child of a military family seeking reenrollment in the Charter School as the student’s school of origin (subject to the Charter School’s capacity and pursuant to the procedures stated in the Charter School’s charter and Board policy). If a dispute arises regarding a foster youth’s request to remain in the Charter School as the school of origin, the foster youth has the right to remain in the Charter School pending the resolution of the dispute. The Charter School will also immediately enroll any foster youth, currently migratory child or child of a military family seeking to transfer to the Charter School (subject to the Charter School’s capacity and pursuant to the procedures stated in the Charter School’s charter and Board policy) regardless of the student’s ability to meet normal enrollment documentation or uniform requirements (e.g., producing medical records or academic records from a previous school).

Foster youth, currently migratory children, and children of military families have the right to remain in

their school of origin following the termination of the child's status as a foster youth, currently migratory child or child of a military family, as follows:

1. For students in kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

Graduation Requirements: Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and pupils participating in a newcomer program who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption. In the case of a pupil participating in a newcomer program, enrollment in grade 11 or 12 may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the parent, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's parent how any of the requirements that are waived will affect the pupil's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the court's jurisdiction terminates or the student no longer meets the definition of a child of military family, a currently migratory child or a pupil participating in a newcomer program.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.
2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Provide information to the student about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

Acceptance of Course Work: The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a Foster and Mobile Youth.

The Charter School will provide Foster and Mobile Youth credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the Foster and Mobile Youth shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Student Records: When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new local educational agency (“LEA”), the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the pupil, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization, and other records, and, if applicable, a copy of the pupil’s special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

The Charter School shall not lower a foster youth’s grades because of the student’s absence due to a verified court appearance, related court ordered activity, or a change the placement of the student made by a county or placing agency. If a foster youth is absent from school due to a decision to change the placement of the student made by a county or placing agency, the grades and credits of the pupil will be calculated as of the date the student left the Charter School.

In accordance with the Charter School’s Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent. Students who are 16 years of age or older or have finished 10th grade may access their own school records.

Discipline Determinations: If the Charter School intends to extend the suspension of any foster/ youth pending a recommendation for expulsion, the Charter School will invite the student’s attorney and an appropriate representative from the relevant county agency to participate in the meeting at which the extension of the suspension will be discussed.

If the Charter School intends to suspend for more than ten (10) consecutive school days or expel a student with a disability who is also a foster youth due to an act for which the recommendation for expulsion is discretionary, the Charter School will invite the student’s attorney and an appropriate representative from the relevant county agency to participate in the Manifestation Determination Review meeting.

Complaints of Noncompliance: A complaint of noncompliance with any of the requirements outlined above may be filed through the Charter School’s Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

Availability of Complete Policy: For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School’s complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at the main office.

Student Records, including Records Challenges and Directory Information

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 5 business days after the day the Charter School receives a request for access. Parents or eligible students should submit to the Charter School Executive Director or designee a written request that identifies the records they wish to inspect. The Charter School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the Charter School to amend a record should write the Charter School's Executive Director or designee, clearly identify the part of the record they want changed and specify why it should be changed. If the Charter School decides not to amend the record as requested by the parent or eligible student, the Charter School will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the

parent or eligible student when notified of the right to a hearing. If the Charter School decides to amend the record as requested by the parent or eligible student, the Executive Director must order the correction or the removal and destruction of the information and inform the parent or eligible student of the amendment in writing.

3. The right to provide written consent before the Charter School discloses personally identifiable information (“PII”) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to Charter School officials with legitimate educational interests. A Charter School official is a person employed by the Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Charter School’s Board of Directors. A Charter School official also may include a volunteer, consultant, vendor, or contractor outside of the Charter School who performs an institutional service or function for which the Charter School would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, therapist, or contracted provider of digital educational platforms and/or services; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another Charter School official in performing their tasks. A Charter School official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Upon request, the Charter School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student’s enrollment or transfer.

Note that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Charter School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

5. The right to request that the Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

FERPA permits the disclosure of PII from a student’s education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to Charter School officials, disclosures related to some judicial orders or lawfully

issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the Charter School to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A Charter School may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student to the following parties:

1. Charter School officials who have a legitimate educational interest as defined by 34 C.F.R. Part 99;

When a student transfers schools, the Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. The Charter School will make a reasonable attempt to notify the parent or eligible student of the request for records at the parent's or eligible student's last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, the Charter School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for a hearing;
3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;
4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;

7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;
9. Persons who need to know in cases of health and safety emergencies;
10. State and local authorities, within a juvenile justice system, pursuant to specific State law;
11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the student's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by the Charter School for students and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by the Charter School; and/or

The disclosure may only include the final results of the disciplinary proceedings conducted by the Charter School with respect to that alleged crime or offense. The Charter School discloses the final results of the disciplinary proceeding regardless of whether the Charter School concluded a violation was committed.

“Directory Information” is information that is generally not considered harmful or an invasion of privacy if released. The Charter School may disclose the personally identifiable information that it has designated as directory information without a parent’s or eligible student’s prior written consent. The Compliance Officer responsible for investigating the complaint shall conduct and complete the investigation in accordance with California regulations and the Charter School's UCP Policy. The Compliance Officer shall provide the complainant with a final written investigation report ("Decision") within sixty (60) calendar days from the Charter School's receipt of the complaint. This sixty (60) calendar day time period may be extended by written agreement of the complainant.

The complainant has a right to appeal the Charter School's Decision to the California Department of Education ("CDE") by filing a written appeal within thirty (30) calendar days of the date of the Charter School's written Decision, except if the Charter School has used its UCP to address a complaint that is not subject to the UCP requirements. The appeal must include a copy of the complaint filed with the Charter School, a copy of the Charter School's Decision, and the complainant must specify and explain the basis for the appeal of the Decision, including at least one of the following:

1. The Charter School failed to follow its complaint procedures.

The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision.

If a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.

If the Charter School finds merit in a UCP complaint, or the CDE finds merit in an appeal, the Charter School shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of the complainant's right to file a complaint in accordance with 5 C.C.R. § 4622.

A copy of the UCP shall be available upon request free of charge in the main office. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the CEO/President.

Campus Search and Seizure

The Charter School recognizes and has determined that the occurrence of incidents which may include the possession of firearms, weapons, alcohol, controlled substances, or other items of contraband prohibited by law or Charter School rules and regulations, jeopardizes the health, safety and welfare of students and Charter School employees.

The California Constitution requires that all students and staff of public schools have the inalienable right to attend campuses which are safe, secure, and peaceful. As such, Charter School has adopted a Policy outlining the reasonable search of students and their property, student use areas, and/or student lockers and the seizure of illegal, unsafe, unauthorized or contraband items and materials through a search based upon reasonable suspicion.

Student lockers, including P.E. lockers, are school property and remain at all times under the control of the Charter School. Students shall assume full responsibility for the security of their lockers. Student lockers may not be used to store illegal, unauthorized, or contraband materials. The acceptance and use of locker facilities on school campus by any student shall constitute consent by the student to the search of such locker facilities by authorized school personnel and/or law enforcement. Inspections of lockers may be conducted by school personnel and/or law enforcement through the use of trained dogs.

A student's personal cell phone, smartphone, or other personal electronic device shall not be searched by school officials without a warrant, the student's consent, or a legitimate emergency, unless the device is lost or abandoned. An emergency is any *situation involving danger of death or serious physical injury to any person, that requires access to the information located or reasonably believed to be located on the electronic device.* If the Charter School has a good faith belief that the device is lost, stolen, or abandoned, the Charter School may only access electronic device information in order to attempt to identify, verify, or contact the owner of the device.

The Charter School is not prohibited from seizing/confiscating a student's personal electronic device, without searching its contents, if the student's use or possession of the private electronic device is in violation of Charter School rules or regulations.

Student Health and Safety

Emergency Procedures and Emergency Cards

It is extremely important to keep your child's Emergency Card information up-to-date. Your child will not be released to persons other than those listed on the emergency card. There are no exceptions; this is to ensure your child's safety!

BPEA has procedures to be followed in the event of an earthquake, fire, or other emergency. Fire drills and disaster drills are held regularly. In the event of such an emergency, School staff members will remain on duty until all children have been safely released to parents, guardians, family members, or persons designated on the child's Emergency Card.

Medication Dispensation and Consent Form

BPEA will not dispense medication or allow a student to self-administer medication unless a qualified healthcare provider signs a medical consent form. For your child to take any medication at BPEA, a Medical Consent Form must be completed. This form is available in the school office and must be signed by the parent(s)/guardian(s) and your child's health care provider. Medication must be provided in the original prescription labeled container with accurate content and explicit dosage information. All medication must be checked into the office. No prescription medication will be dispensed to a student without this documentation present in his or her files.

Additionally, the school nurse or trained personnel who have volunteered may use epinephrine auto-injectors to provide emergency medical aid to persons suffering, or reasonably believed to be suffering from, an anaphylactic reaction. BPEA will ensure it has the appropriate type of epinephrine auto-injector on site (i.e., regular or junior) to meet the needs of its pupils. BPEA will ensure staff properly store, maintain, and restock the epinephrine auto-injectors as needed.

BPEA will ensure any School personnel who volunteer are appropriately trained regarding the storage and emergency use of epinephrine auto-injectors based on the standards developed by the Superintendent of Public Instruction. BPEA will distribute an annual notice to all staff describing the request for volunteers who will be trained to administer an epinephrine auto-injector to a person if that person is suffering, or reasonably believed to be suffering from, anaphylaxis. The annual notice shall also describe the training the volunteer will receive.

Illness

If your child has any serious illness or allergic reactions of which we need to be aware, it needs to be listed on the emergency card and be on file. If a child becomes ill or injured during the school day and is not well enough to stay in class, the parent(s)/guardian(s) will be called to pick the child up. Please do **NOT** send sick or contagious children to School. They will be sent home immediately. If the child is suffering from seasonal allergies, please bring a note in to clarify sickness from seasonal allergies.

When should you not send your child to School?

Children should **not** come to School if they have any of the following:

- Persistent cough, runny nose, or sneezing
- Nausea, vomiting
- Diarrhea, stomach ache
- Rash with fever
- Fever over 99.4
- Red eyes, case of pink eye
- Earache
- Live head lice (students can attend school if they have been treated and most nits have been removed)
- Ringworm, unless treated and covered

Immunizations

Pursuant to the California Health and Safety Code and the California Code of Regulations, children must provide proof of having received required immunizations (shots) before they can attend school unless they meet the requirements for an exemption. Immunization records are required for all incoming students. Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. To ensure a safe learning environment for all students, the Charter School follows and abides by the health standards set forth by the state of California. The immunization status of all students will be reviewed periodically. Those students who are not in compliance with the State requirements must be excluded from attendance until the requirements are met. Students who have been exposed to a communicable disease for which they have not been immunized may be excluded from school at the discretion of the Charter School.

These required immunizations include:

One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement for DTaP. Three doses of Polio are allowed if one was given on or after fourth birthday. At least one dose of pertussis-containing vaccine is required on or after the 7th birthday.</p>

Physical Examinations and Right to Refuse

All students must complete a health screening examination on or before the 90th day after the pupil's entrance into first grade or such pupils must have obtained a waiver pursuant to Health and Safety Code Sections 124040 and 124085. This examination can be obtained from your family physician or possibly through the services provided by your County Health Department. Information and forms are distributed to pupils enrolled in kindergarten. If your child's medical status changes, please provide the teacher with a physician's written verification of the medical issue, especially if it impacts in any way your child's ability to perform schoolwork.

A parent/guardian having control or charge of any child enrolled in BPEA may file annually with the Principal of the school in which the child is enrolled a written and signed statement stating that he or she will not consent to a physical examination of the child. Thereupon the child shall be exempt from any physical examination, but whenever there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, the child shall be sent home and shall not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist.

Pregnant and Parenting Students

BPEA recognizes that pregnant and parenting pupils are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. A pregnant or parenting pupil is entitled to eight (8) weeks of parental leave, or more if deemed medically necessary by the pupil's physician, which the pupil may take before the birth of the pupil's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the pupil who gives or expects to give birth and the infant, and to allow the pregnant or parenting pupil to care for and bond with the infant. BPEA will ensure that absences from the pupil's regular school program are excused until the pupil is able to return to the regular school program.

Upon return to school after taking parental leave, a pregnant or parenting pupil will be able to make up work missed during his or her leave, including, but not limited to, makeup work plans and reenrollment in courses. Notwithstanding any other law, a pregnant or parenting pupil may remain enrolled for a fifth year of instruction in BPEA if it is necessary in order for the pupil to be able to complete any graduation requirements, unless BPEA determines that the pupil is reasonably able to complete the graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

Complaints of noncompliance with laws relating to pregnant or parenting pupils may be filed under the Uniform Complaint Procedures ("UCP") of the Charter School. The complaint may be filed in writing with the compliance officer:

Mental Health Services

BPEA recognizes that when unidentified and unaddressed, mental health challenges can lead to poor academic performance, increased likelihood of suspension and expulsion, chronic absenteeism, student attrition, homelessness, incarceration, and violence. Access to mental health services at BPEA and in our community is not only critical to improving the physical and emotional safety of students, but it also helps address barriers to learning and provides support so that all students can learn problem-solving skills and achieve in school and, ultimately, in life. Human Trafficking Prevention

California has the highest number of incidents of human trafficking in the U.S., and all students may be vulnerable. BPEA believes it is a priority to inform our students about (1) prevalence, nature of and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance, and (2) how social medial and mobile device applications are used for human trafficking.

In accordance with the California Healthy Youth Act, BPEA will provide age-appropriate instruction on the prevention of human trafficking, including sexual abuse, assault, and harassment. You have the right to excuse your child from all or part of instruction on prevention of human trafficking. An opt-out form available upon request at the main office.

for your convenience. Your consent for this instruction is NOT required. If we do not receive a written request to excuse your child, your child will be included in the instruction.

Opioid Information Sheet

The Charter School annually provides each athlete with an Opioid Factsheet for Patients published by the Centers for Disease Control and Prevention. The athlete and, if the athlete is 17 years of age or younger, the athlete's parent or guardian shall sign a document acknowledging receipt of the Opioid Factsheet for Patients and return that document to the Charter School before the athlete initiates practice or competition. The fact sheet is available at:

<https://www.cdc.gov/drugoverdose/pdf/AHA-Patient-Opioid-Factsheet-a.pdf>

Sudden Cardiac Arrest Prevention and Automated External Defibrillators

The Charter School is invested in the health of its athletes, especially their heart health. Sudden cardiac arrest ("SCA") is when the heart stops beating, suddenly and unexpectedly. Those wishing to participate in athletics at Charter School, must review the information sheet on sudden cardiac arrest via the link below: <https://www.cdc.gov/dhdsdp/docs/cardiac-arrest-infographic.pdf>.

Concussion/Head Injuries

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. Because BPEA has elected to offer an athletic program, we must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

Oral Health Assessment

Students enrolled in kindergarten in a public school or while enrolled in first grade if the pupil was not previously enrolled in kindergarten in a public school are required to have an oral health assessment completed by a dental professional. 5. A recommendation that, following a type 1 diagnosis, parents or guardians should consult with the pupil's primary care provider to develop an appropriate treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

A copy of the information sheet regarding type 1 diabetes will be made available by the CDE, on the CDE website.

Gangs

BPEA recognizes that the harm done by the presence and activities of gangs here in Fresno exceeds the immediate consequences of such activities as violence and destruction of property. Gang activities also create an atmosphere of intimidation in the entire School community. Both the immediate consequences of gang activity and the secondary effects are disruptive and obstructive of the process of education and School activities. Gangs recruit all ages, including young children. It is therefore the policy of BPEA that gang and gang activities are prohibited on School campus and in the School community according to the following:

“Gang related activity” includes but is not limited to the prohibited conduct set forth below.

A. Definition: A gang is any ongoing organization, association, or group of two or more persons, whether formal or informal, having as one of its primary activities the commission of criminal acts, or the purposeful violation of any BPEA policy, and having a common name or common identifying sign, colors, or symbols.

B. Prohibitions: No student on or about School property or at any School activity shall commit any act that furthers gangs or gang-related activities.

Conduct prohibited by this policy includes but is not limited to:

Wearing, possessing, using, distributing, displaying, or selling any clothing, hair, hats, jewelry, emblem, badge, symbol, sign, literature or other items that evidences or reflects membership in or affiliation with any gang; including to look like one who is in a gang; wearing red or royal/bright blue jackets, shirts, or anything seen as showing these colors or any other colors or logos that may be perceived or used by gangs to affiliate themselves; wearing of any clothing, shoes, hats, accessories, which may imply an affiliation with any gang.

Students are prohibited from engaging in any act, including communicating either verbally or nonverbally, including gestures, handshakes, slogans, drawings, etc. or showing membership/affiliation with any gang. Engaging in any act in furtherance of the interests of any gang or gang activity is not tolerated at BPEA, including, but not limited to:

- a. Soliciting membership in, or affiliation with, any gang
- b. Soliciting any person to pay for "protection," or threatening any person, explicitly or implicitly, with violence or with any other illegal or prohibited act
- c. Painting, writing, or otherwise inscribing gang-related graffiti, messages, symbols, or signs, on School property, on the student's own body, or on anyone else's body or property
- d. Engaging or inciting others to violence, extortion, or any other illegal act or other violation of School policy
- e. Soliciting any person to engage in physical violence

C. Application and Enforcement: In determining, as part of the application and enforcement of this policy, whether acts, conduct, or activities are gang related, BPEA will administer consequences according to the handbook guidelines. Incidents will be reported in a timely manner to proper authorities, as immediate intervention must take place. Before any discipline is implemented for the of wearing gang-related attire (when students were not involved in any other kind of gang-related activity or behavior and clearly did not know the affiliations), the student will be asked to remove items or turn shirts inside out or sent home to change clothes at the discretion of the Principal. The warning will be written down. A second offense will be considered deliberate and may result in a suspension. Dress code violations, gestures, handshakes, literature, etc. listed in the handbook that are found to be gang related and purposeful may lead to a suspension with notification to proper authorities for intervention. This is a serious matter that not only affects the student(s) involved with the gangs but also the

whole student body. Failure in the student's compliance to the gang policy may lead to expulsion and return to neighborhood school. Proper authorities will be notified, as well as the student's home school.

Students who violate this policy shall and will be subject to the full range of school disciplinary measures, in addition to applicable criminal and civil penalties.

The removal of gang-related graffiti shall be a priority in maintenance of School property. All such graffiti on School property shall be removed or covered within twenty-four (24) hours of its first appearance to School officials, or as soon thereafter as possible, unless additional time is needed to obtain replacements for damaged items. Vandals caught will pay for costs, and/or help with removal or repair of damage. School officials will work closely with local law enforcement officials in handling gang-related activities. The Principal will report instances of gang-related criminal acts or acts of serious disruption to local law-enforcement authorities for further action.

BPEA encourages private property owners to promptly remove or cover gang-related graffiti on private property in School neighborhoods. Call the city's graffiti removal unit for assistance.

What should parents look for?

Not one or all of these indicators is proof that your child is in a gang or having issues with gangs. However, parents need to watch for possible warning signs in their children including: baseball caps worn distinctively to the left or the right; "tattoos" even such as writing on the body; jewelry of stars, pitchforks, or unexplained symbols; money from an unexplained source; the child speaking of the need for protection or the need to carry a weapon; destructive and defiant behavior and being around friends with the same attitudes. If your child is afraid of attending School regularly or stops attending, please do not be afraid to ask for help.

Appendix: Complete Policies

Title IX, Harassment, Discrimination, Intimidation, and Bullying Policy

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Big Picture Educational Academy ("BPEA") prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locks, and twist), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, BPEA will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. BPEA school staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, BPEA will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with which BPEA does business, or any other individual, student, or volunteer. This Policy applies to all employees, students, or volunteer actions and relationships, regardless of position or gender. BPEA will promptly and thoroughly investigate and respond to any complaint of misconduct prohibited by this Policy in a manner that is not deliberately indifferent and will take appropriate corrective action, if warranted. BPEA complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Bullying and Cyberbullying Prevention Procedures

BPEA has adopted the following procedures for preventing acts of bullying, including cyberbullying.

1. Cyberbullying Prevention Procedures

BPEA advises students:

- a. To never share passwords, personal data, or private photos online.
- b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- d. To consider how it would feel receiving such comments before making comments about others online.

BPEA informs Charter School employees, students, and parents/guardians of BPEA’s policies regarding the use of technology in and out of the classroom. BPEA encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

2. Education

BPEA employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. BPEA advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at BPEA and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

BPEA's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

BPEA informs BPEA employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

3. Professional Development

BPEA annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other BPEA employees who have regular interaction with students.

BPEA informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by BPEA, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth (“LGBTQ”) and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

BPEA encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for BPEA’s students.

Grievance Procedures

1. Scope of Grievance Procedures

BPEA will comply with its Uniform Complaint Procedures (“UCP”) policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person’s association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- a. Are written and signed;
- b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- c. Submitted to the BPEA UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, BPEA will utilize the following grievance procedures in addition to its UCP when applicable.

2. Reporting

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Khouanesiva Rodriguez

Compliance and H.R. Manager Big Picture Educational Academy
1207 S. Trinity Ave.
Fresno, CA 93706
(559) 420-1234

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. BPEA will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the President/CEO, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

BPEA acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

BPEA prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff,

and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

3. Supportive Measures

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to BPEA's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or BPEA's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. BPEA will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of BPEA to provide the supportive measures.

4. Investigation and Response

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of BPEA, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
 - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
 - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
 - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
 - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence; and
 - A statement that BPEA prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.
- Emergency Removal
 - BPEA may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with BPEA's policies.
 - BPEA may remove a respondent from BPEA's education program or activity on an emergency basis, in accordance with BPEA's policies, provided that BPEA undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
 - This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.
- Informal Resolution
 - If a formal complaint of sexual harassment is filed, BPEA may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If BPEA offers such a process, it will do the following:
 - Provide the parties with advance written notice of:
 - The allegations;
 - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
 - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
 - Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
 - Obtain the parties' advance voluntary, written consent to the informal resolution process.
 - BPEA will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.
- Investigation Process

- The decision-maker will not be the same person(s) as the Coordinator or the investigator. BPEA shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
- In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
- The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
- The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.
- A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
- Prior to completion of the investigative report, BPEA will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
- The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.
- Dismissal of a Formal Complaint of Sexual Harassment
 - If the investigation reveals that the alleged harassment did not occur in BPEA's educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable BPEA policy.
 - BPEA may dismiss a formal complaint of sexual harassment if:
 - The complainant provides a written withdrawal of the complaint to the Coordinator;
 - The respondent is no longer employed or enrolled at BPEA; or
 - The specific circumstances prevent BPEA from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
 - If a formal complaint of sexual harassment or any of the claims therein are dismissed, BPEA will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
 - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
 - BPEA will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
 - The allegations in the formal complaint of sexual harassment;
 - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
 - The findings of facts supporting the determination;
 - The conclusions about the application of BPEA's code of conduct to the facts;

- The decision and rationale for each allegation;
- Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

5. Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up to and including expulsion from BPEA or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by BPEA in response to a formal complaint of sexual harassment.

6. Right of Appeal

Should the reporting individual find BPEA's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of BPEA's decision or resolution, submit a written appeal to the President/CEO who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and BPEA will implement appeal procedures equally for both parties.
- BPEA will notify the other party in writing when an appeal is filed.
- The decision-maker for the appeal will give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

7. Recordkeeping

All records related to any investigation of complaints under this Policy are maintained in a secure location. BPEA will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant.
- Records of any appeal of a formal sexual harassment complaint and the results of that appeal.
- Records of any informal resolution of a sexual harassment complaint and the results of that informal resolution.
- All materials used to train Title IX coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

PROFESSIONAL BOUNDARIES: STAFF/STUDENT INTERACTION POLICY

DISCIPLINARY PHYSICAL CONTACT WITH STUDENTS

It is the policy of Big Picture Educational Academy that no teacher or other staff member will use corporal punishment against a student. This prohibition includes spanking, slapping, pinching, hitting, tying, taping, or the use of any other physical force as retaliation or correction for inappropriate behavior.

STAFF-STUDENT INTERACTIONS

While the use of appropriate touching is part of daily life and is important for student development, teachers and other staff members must ensure that they do not exceed appropriate behavior. If a child or other staff member specifically requests that he or she not be touched, then that request must be honored without question.

Boundaries Defined

For the purposes of this policy, the term “boundaries” is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing beyond the boundaries of a student-teacher relationship is deemed an abuse of power and a betrayal of public trust.

Acceptable and Unacceptable Behaviors

Some activities may seem innocent from a staff member’s point-of-view but could be perceived as flirtation or sexual insinuation from the perspective of students or parents. There is no single reasonable person standard. The purpose of the following lists of unacceptable and acceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to or may be perceived as inappropriate, or sexual misconduct, or “grooming.” Grooming is defined as an act or series of acts by a sexual predator to gain physical and/or emotional control by gaining trust (of staff and/or family and a minor) and desensitizing the minor to various forms of touching and other intimate interaction.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this policy. Violations could subject the teacher or staff member to discipline up to and including termination. *Disagreeing with the wording or intent of these established boundaries will be considered irrelevant for any required disciplinary purposes.* Thus, it is critical that all employees study this policy thoroughly and apply its spirit and intent in their daily activities.

Unacceptable Behaviors

These lists (and any subsequent lists) are not meant to be all-inclusive, but rather, illustrative of the types of behavior intended to be addressed by this policy.

1. Giving gifts of a personal and intimate nature (including photographs) to a student; or items such as money, food, outings, electronics, etc. without the written pre-approval of the Compliance Manager or organization President. It is recommended that any such gifts be filtered through the Academic Leader along with the rationale therefor, who will then discuss with the President or Compliance Manager.
2. Kissing of ANY kind
3. Massage [Note: Prohibited in athletics unless provided by massage therapist or other certified professional in an open public location. Coaches may not perform massage or rub-down. Permitted in special education only as instructed under an IEP or 504 Plan.]
4. Full frontal or rear hugs and lengthy embraces
5. Sitting students on one's lap (grades 4 and above)
6. Touching buttocks, thighs, chest, or genital area
7. Wrestling with students or other staff member except in the context of a formal wrestling program
8. Tickling or piggyback rides
9. Any form of sexual contact
10. Any type of unnecessary physical contact with a student in a private situation

15. Taking photographs or videos of students for personal use or posting online
16. Either partially or fully undressing in front of a student or asking a student to undress with the intent to view/expose private body parts
17. Leaving campus alone with a student for lunch
18. Sharing a bed, mat, or sleeping bag with a student
19. Making, or participating in, sexually inappropriate comments
20. Sexual jokes, or jokes/comments with sexual overtones or double-entendres
21. Seeking emotional involvement (which can include intimate attachment) with a student beyond the normative care and concern required of an educator.
22. Listening to or telling stories that are sexually oriented
23. Discussing your personal troubles or intimate issues with a student
24. Becoming too involved with a student so that a reasonable person may suspect inappropriate behavior

25. Giving students a ride to/from school or school activities without the express, advance written permission of the Academic Leader and the student's parent or legal guardian.
26. Being alone in a room with a student at school with the door closed and/or windows blocked from view
27. Allowing students at your home and/or in rooms within your home without signed parental permission for a pre-planned and pre-communicated educational activity which must include another educator, parent, or designated school volunteer
28. Sending emails, text messages, social media responses, making phone calls, or sending notes or letters to students if the content is not about school activities. Communication via private social media accounts is not acceptable.

Acceptable Behaviors

1. Pats on the shoulder or back
2. Handshakes
3. "High-fives" and hand slapping
4. Touching face to check temperature, wipe away a tear, remove hair from face, or other similar types of contact
5. Placing TK through second grade students on one's lap for purposes of comforting the child for a short duration only

11. Emails, text-messages, phone conversations, and other communications to and with students, if permitted, must be professional and pertain to school activities or classes (communication should be initiated via transparent [non-private]school-based technology and equipment)
12. Keeping the door wide open when alone with a student
13. Keeping reasonable and appropriate space between you and the student
14. Stopping and correcting students if they cross your own personal boundaries, including touching legs, or buttocks, frontal hugs, kissing, or caressing

15. Keeping parents informed when a significant issue develops about a student, such as a change in demeanor or uncharacteristic behavior
16. Keeping after-class discussions with a student professional and brief
17. Immediately asking for advice from senior staff or administration if you find yourself in a difficult situation related to boundaries
18. Involving your direct supervisor in discussion about boundaries situations that have the potential to become more severe (including but not limited to: grooming or other red flag behaviors observed in colleagues, written material that is disturbing, or a student's fixation on an adult)
19. Making detailed notes about an incident that in your best judgement could evolve into a more serious situation later
20. Recognizing the responsibility to stop "Unacceptable Behaviors" of students and/or co-workers
21. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student after regular school hours
22. Prioritizing professional behavior during all moments of student contact
23. *Asking yourself if any of your actions, which could be contrary to these provisions, are worth sacrificing your job and career.*

This policy does not prevent: 1) touching a student for the purpose of guiding them along a physical path; 2) helping them up after a fall; or 3) engaging in a rescue or the application of Cardio Pulmonary Resuscitation (CPR) or other emergency first-aid. Nor does it prohibit the use of reasonable force and touching in self-defense or in the defense of another. Restraining a child who is trying to engage in violent or inappropriate behavior is also allowed. Only such force as necessary to defend one's self, another person, or the child or to protect property is legally permitted. Excessive force is prohibited.

Boundaries Reporting

When any staff member, parent, or student becomes aware of a staff member (or volunteer, guest, vendor) having crossed the boundaries specified in this policy, or has a strong suspicion of misconduct, he or she must report the suspicion to the Academic Leader promptly, who will then report the incident to the School Compliance Manager or organization President. Reasonable suspicion means something perceived in spite of inconclusive or slight evidence. It is based on facts that would lead a reasonable person to believe the conduct occurred. Prompt reporting of observations falling into the unacceptable range of adult behavior with students is essential to protect students, the staff member, any witnesses, and the school as a whole. Employees must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse

Child Abuse / Sexual Abuse Reporting (Mandatory Reporting)

If, within your professional capacity or within the scope of your employment, you observe or gain possession of knowledge that a child has been a victim of child abuse or sexual abuse, or you reasonably suspect it, **California Penal Code Section 11166 requires YOU to immediately report this information or suspicion directly to a child protective agency or the police.** The report shall be made by phone as soon as possible and a subsequent written report must be sent within 36 hours of your knowledge or suspicion of the abuse. Internal reporting to the Academic Leader occurs after the phone-in report. Failure to meet these obligations can result in a monetary fine and/or jail.

Investigating

The Academic Leader, together with the Organization President will promptly investigate and document the investigation of any allegation of sexual misconduct or inappropriate behavior, using such support staff or outside assistance, as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s) including any potential witnesses, as much as possible. The investigating administrator shall promptly notify the Governing Board in closed session of the existence and status of any investigations. Upon completion of any such investigations, the organization President shall report to the Governing Board any conclusions reached. The investigating administrator shall consult with legal counsel, as appropriate, prior to, during, and after conducting any investigation.

Consequences

Staff members who have violated this policy will be subject to appropriate disciplinary action, and where appropriate, will be reported to authorities for potential legal action.

Suicide Prevention Policy

The Board of Directors of Big Picture Educational Academy (“BPEA” or the “Charter School”) recognizes that suicide is a major cause of death among youth and should be taken seriously. To attempt to reduce suicidal behavior and its impact on students and families, the Board of Directors has developed prevention strategies and intervention procedures.

In compliance with Education Code section 215, this policy has been developed in consultation with BPEA and community stakeholders, BPEA school-employed mental health professionals (e.g., school counselors, psychologists, social workers, nurses), administrators, other school staff members, parents/guardians/caregivers, students, local health agencies and professionals, the county mental health plan, law enforcement, and community organizations in planning, implementing, and evaluating BPEA’s strategies for suicide prevention and intervention. BPEA must work in conjunction with local government agencies, community-based organizations, and other community supports to identify additional resources.

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, BPEA shall appoint an individual (or team) to serve as the suicide prevention point of contact for BPEA. The suicide prevention point of contact for BPEA and the Principal shall ensure proper coordination and consultation with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. This policy shall be reviewed and revised as indicated, at least annually in conjunction with the previously mentioned community stakeholders.

Staff Development

BPEA, along with its partners, has carefully reviewed available staff training to ensure it promotes the mental health model of suicide prevention and does not encourage the use of the stress model to explain suicide.

Training shall be provided for all school staff members. It may also be provided, when appropriate, for other adults on campus (such as substitutes and intermittent staff, volunteers, interns, tutors, coaches, and afterschool staff). Training shall include the following:

1. All suicide prevention trainings shall be offered under the direction of mental health professionals (e.g., school counselors, school psychologists, other public entity professionals, such as psychologists or social workers) who have received advanced training specific to suicide. Staff training may be adjusted year-to-year based on previous professional development activities and emerging best practices.
2. At least annually, all staff shall receive training on the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.
3. At a minimum, all staff shall participate in training on the core components of suicide prevention (identification of suicide risk factors and warning signs, prevention, intervention, referral, and postvention) at the beginning of their employment or annually. Core components of the general suicide prevention training shall include:
 - a. Suicide risk factors, warning signs, and protective factors.
 - b. How to talk with a student about thoughts of suicide.
 - c. How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and an immediate referral for a suicide risk assessment.
 - d. Emphasis on immediately referring (same day) any student who is identified to be at risk of suicide for assessment while staying under constant monitoring by staff member.
 - e. Emphasis on reducing stigma associated with mental illness and that early prevention and intervention can drastically reduce the risk of suicide.

- f. Reviewing the data annually to look for any patterns or trends of the prevalence or occurrence of suicide ideation, attempts, or death. Data from the California School Climate, Health, and Learning Survey (Cal-SCHLS) should also be analyzed to identify school climate deficits and drive program development. See the Cal-SCHLS Web site at <http://cal-schls.wested.org/>.
 - g. Information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:
 - i. Youth affected by suicide.
 - ii. Youth with a history of suicide ideation or attempts.
 - iii. Youth with disabilities, mental illness, or substance abuse disorders.
 - iv. Lesbian, gay, bisexual, transgender, or questioning youth.
 - v. Youth experiencing homelessness or in out-of-home settings, such as foster care.
 - vi. Youth who have suffered traumatic experiences.
4. In addition to initial orientations to the core components of suicide prevention, ongoing annual staff professional development for all staff may include the following components:
- a. The impact of traumatic stress on emotional and mental health.
 - b. Common misconceptions about suicide.
 - c. Charter School and community suicide prevention resources.
 - d. Appropriate messaging about suicide (correct terminology, safe messaging guidelines).
 - e. The factors associated with suicide (risk factors, warning signs, protective factors).
 - f. How to identify youth who may be at risk of suicide.
 - g. Appropriate ways to interact with a youth who is demonstrating emotional distress or is suicidal. Specifically, how to talk with a student about their thoughts of suicide and (based on BPEA guidelines) how to respond to such thinking; how to talk with a student about thoughts of suicide and appropriately respond and provide support based on BPEA guidelines.
 - h. Charter School-approved procedures for responding to suicide risk (including multi-tiered systems of support and referrals). Such procedures should emphasize that the suicidal student should be constantly supervised until a suicide risk assessment is completed.
 - i. Charter School-approved procedures for responding to the aftermath of suicidal behavior (suicidal behavior postvention).
 - j. Responding after a suicide occurs (suicide postvention).
 - k. Resources regarding youth suicide prevention.
 - l. Emphasis on stigma reduction and the fact that early prevention and intervention can drastically reduce the risk of suicide.
 - m. Emphasis that any student who is identified to be at risk of suicide is to be immediately referred (same day) for assessment while being constantly monitored by a staff member.

Employee Qualifications and Scope of Services

Employees of BPEA must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

Parents, Guardians, and Caregivers Participation and Education

1. Parents/guardians/caregivers may be included in suicide prevention efforts. At a minimum, the Charter School shall share this Policy with parents/guardians/caregivers by notifying them where a complete copy of the policy is available.
2. This Suicide Prevention Policy shall be easily accessible and prominently displayed on the BPEA Web page and included in the parent handbook.
3. Parents/guardians/caregivers should be invited to provide input on the development and implementation of this policy.
4. All parents/guardians/caregivers may have access to suicide prevention training that addresses the following:
 - a. Suicide risk factors, warning signs, and protective factors.
 - b. How to talk with a student about thoughts of suicide.
 - c. How to respond appropriately to the student who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and referral for an immediate suicide risk assessment.

Student Participation and Education

Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, BPEA along with its partners has carefully reviewed and will continue to review all materials and resources used in awareness efforts to ensure they align with best practices for safe messaging about suicide. Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with BPEA and is characterized by caring staff and harmonious interrelationships among students.

BPEA's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience. The instruction shall not use the stress model to explain suicide.

BPEA's instructional curriculum may include information about suicide prevention, as appropriate or needed. If suicide prevention is included in the Charter School's instructional curriculum, it shall consider the grade level and age of the students and be delivered and discussed in a manner that is sensitive to the needs of young students. Under the supervision of an appropriately trained individual acting within the scope of her/his credential or license, students shall:

1. Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress. The content of the education may include:
 - a. Coping strategies for dealing with stress and trauma.
 - b. How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others.
 - c. Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help.
 - d. Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.

2. Receive developmentally appropriate guidance regarding BPEA's suicide prevention, intervention, and referral procedures.

Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, orientation classes, science, and physical education).

BPEA will support the creation and implementation of programs and/or activities on campus that raise awareness about mental wellness and suicide prevention (e.g., Mental Health Awareness Week, Peer Counseling, etc).

Intervention and Emergency Procedures

BPEA designates the following administrators to act as the primary and secondary suicide prevention liaisons:

1. Special Education/ Equity and Student Services Director

2. Principal

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, they shall promptly notify the primary designated suicide prevention liaison. If this primary suicide prevention liaison is unavailable, the staff shall promptly notify the secondary suicide prevention liaison.

The suicide prevention liaison shall immediately notify the Principal or designee, who shall then notify the student's parent/guardian as soon as possible if appropriate and in the best interest of the student. Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.

The suicide prevention liaison shall also refer the student to mental health resources at BPEA or in the community.

When a student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911.

When a suicide attempt or threat is reported on campus or at a school-related activity, the suicide prevention liaison shall, at a minimum:

1. Ensure the student's physical safety by one or more of the following, as appropriate:
 - a. Securing immediate medical treatment if a suicide attempt has occurred.
 - b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened.
 - c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.
 - d. Remaining calm, keeping in mind the student is overwhelmed, confused, and emotionally distressed.
 - e. Moving all other students out of the immediate area.
 - f. Not sending the student away or leaving him/her alone, even to go to the restroom.
 - g. Providing comfort to the student, listening and allowing the student to talk and being comfortable with moments of silence.

h. Promising privacy and help, but not promising confidentiality.

2. Document the incident in writing as soon as feasible.
3. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed and coordinate and consult with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary.
4. After a referral is made, BPEA shall verify with the parent/guardian that the follow up treatment has been accessed. Parents/guardians will be required to provide documentation of care for the student. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, the suicide prevention liaisons shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the situation and build understanding of care. If follow up care is still not provided, BPEA may contact Child Protective Services.
5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at BPEA.
6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the BPEA campus, the suicide prevention liaison shall follow the crisis intervention procedures contained in BPEA's safety plan. After consultation with the Principal or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Principal or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. BPEA staff may receive assistance from BPEA counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

In the event a suicide occurs or is attempted off the BPEA campus and unrelated to school activities, the Principal or designee shall take the following steps to support the student:

1. Contact the parent/guardian and offer support to the family.
2. Discuss with the family how they would like BPEA to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.

3. Obtain permission from the parent/guardian to share information to ensure the facts regarding the crisis are correct.
4. The suicide prevention liaisons shall handle any media requests.
5. Provide care and determine appropriate support to affected students.
6. Offer to the student and parent/guardian steps for re-integration to school. Re-integration may include obtaining a written release from the parent/guardian to speak with any health care providers; conferring with the student and parent/guardian about any specific requests on how to handle the situation; informing the student's teachers about possible days of absences; allowing accommodations for make-up work (being understanding that missed assignments may add stress to the student); appropriate staff maintaining ongoing contact with the student to monitor the student's actions and mood; and working with the parent/guardian to involve the student in an aftercare plan.

Supporting Students during or after a Mental Health Crisis

Students shall be encouraged through the education program and in BPEA activities to notify a teacher, the Principal, another BPEA administrator, psychologist, BPEA counselor, suicide prevention liaisons, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. BPEA staff should treat each report seriously, calmly, and with active listening and support. Staff should be non-judgmental to students and discuss with the student, and parent/guardian, about additional resources to support the student.

Responding After a Suicide Death (Postvention)

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on the school community, including students and staff. BPEA shall follow the below action plan for responding to a suicide death, which incorporates both immediate and long-term steps and objectives:

 - b. Emotional support and resources available to staff.
 - c. Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration).
 - d. Share information that is relevant and that which you have permission to disclose.
3. Prepare staff to respond to needs of students regarding the following:
 - a. Review of protocols for referring students for support/assessment.
 - b. Talking points for staff to notify students.
 - c. Resources available to students (on and off campus).
 4. Identify students significantly affected by suicide death and other students at risk of imitative behavior.
 5. Identify students affected by suicide death but not at risk of imitative behavior.
 6. Communicate with the larger school community about the suicide death.
 7. Consider funeral arrangements for family and school community.
 8. Respond to memorial requests in respectful and non-harmful manner; responses should be handled in a thoughtful way and their impact on other students should be considered.
 9. Identify media spokesperson if needed.
 10. Include long-term suicide postvention responses:
 - a. Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed.
 - b. Support siblings, close friends, teachers, and/or students of deceased.
 - c. Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide.

- w) A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but

not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

x) Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

2. Non-Discretionary Expellable Offenses: Students must be expelled for any of the following acts when it is determined pursuant to the procedures below that the pupil:

a) Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession of any object of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

If it is determined by the Governing Board that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one (1) year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the pupil shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

E. Authority to Expel

As required by Education Code Section 47605(b)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors ("Board") following a hearing before it or by the Board upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the pupil nor a Board member of the School's governing board. Each entity shall be presided over by a designated

neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board shall make the final determination.

F. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal or designee determines that the pupil has committed an expellable offense.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the School's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

G. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations, which shall be examined only by the School, Panel Chair or the hearing officer in the expulsion. Copies of these sworn

declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. The School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The person or panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The person or panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person or panel presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person or panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, the School must present evidence that the witness' presence is both desired by the witness and will be helpful to the School. The person or panel presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or

contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person or panel conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

H. Students With Disabilities

The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Notification of SELPA

The School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA regarding the discipline of any student with a disability or student who the School or SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b) If the conduct in question was the direct result of the local

educational agency's failure to implement the IEP/504 Plan.

If the School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a) Conduct a functional behavioral assessment, and implement a behavioral intervention plan for such child, provided that the School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b) If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c) Return the child to the placement from which the child was removed, unless the parent and the School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the School, the parent, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and the School agree otherwise.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a) Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function.
- b) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled Substance, while at school, on school premises, or at a school function; or
- c) Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k) (7) (D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the district's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the School had knowledge that the student was disabled before the behavior occurred.

The School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a) The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School supervisory or administrative personnel, or to one of the child's teachers that the student is in need of special education or related services.
- b) The parent has requested an evaluation of the child.
- c) The child's teacher, or other School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Associate Principal, or Special Education Teacher or to other School supervisory personnel.

If the School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the School pending the results of the evaluation.

The School shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

I. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

J. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The Decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

K. Written Notice to Expel

The Principal or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

- a) Notice of the specific offense committed by the student
- b) Notice of the students or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the School

The Principal or designee shall send a copy of the written notice of the decision to expel to the County.

This notice shall include the following:

- a) The student's name
- b) The specific expellable offense committed by the student

The Board's decision to expel shall be final.

L. Disciplinary Records

The School shall maintain records of all student suspensions and expulsions at the School. Such records shall be made available to the County upon request.

M. Expelled Pupils/Alternative Education

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may reapply to the School for readmission.

O. Readmission

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the Board following a meeting with the Principal and the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Principal shall make a recommendation to the Board

following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil's readmission is also contingent upon the School's capacity at the time the student seeks readmission.

P. No Right to Appeal

The pupil shall have no right of appeal from expulsion from the School as the Board's decision to expel shall be final.
